## Methodists Plan Special Sermon Series for Month

This sermon has become a local feature of the First Methodist Church, and has won state prominence through being printed in the "Michigan Christian Advocate," the official organ of Methodism in Michigan.

On the Sunday preceding Christmas, Mr. Runkel's topic will be "The Messengers at Bethlehem," while on the last Sunday of the month the Rev. Wright will preach the morning sermon.

## Right up in the **FOUR-FRONT**

SCATTERED across this nation are some of the eagiest automobile buyers the world ever saw.

They cut their eyeteeth on a steering wheel, so to speak — they know car values from A to izzard — and you have to be plenty good to step ahead of your price class in the volume of your sales to them.

That's why it's startling — sometimes, even to us — to see the double-barreled story of public preference that's written in the sales records and registration figures:

**ITEM: Only three cars outsell Buick — and all of these are in the so-called "low-price field."**

**ITEM: In some localities — and quite often in polls that ask "Which car will you buy next?" — Buick ranks not fourth, but third, actually**

ahead of one of the lowest-priced three.

Naturally, the smart buyer will ask "How come?"

Well, the most standout style of the season, the style that's the clearest forecast of wonderful things to be, undoubtedly has much to do with it.

But that isn't all. The dollar is still a pretty important measuring stick.

So we don't think Buick could be where it is if it didn't offer a bigger dollar's worth—bigger in size and substance, in lift and life, in soft ride and easy handling, bigger in the all-round happiness you'll get out of your buy.

Which suggests, of course:

Why go against the solid judgment of your fellow men? Why not see your Buick dealer now — with or without a car to trade — and place the order that will put you where you belong, right up in the four-front?
