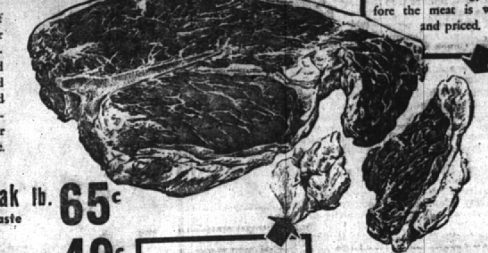
Kroger

A KROGER-CUT PORTERHOUSE STEAK

gives you more meat—less waste, no stringy ends



THE KROGER-CUT removes this stringy end before the meat is weighed and priced.

At Kroger you get better beef value because the Kroger method of cutting beef removes excess bone, waste and stringy ends from steaks and roasts *before* the meat is weighed and priced. Buy Kroger top-grade beef for uniformly better value... more meat, less waste.

"Christ Jesus" will be the subject of the Lesson-Sermon in all Christian Science Churches throughout the world on Sunday, March 2.
The Golden Text (Isaiah 9:6) is: "Unto us a child is born, unto us a son is given: and the government shall be upon his shoulder: and his name shall be called Wonderful, Counsellor, The mighty God, The everlasting Father, The Prince of Peace."
Among the Bible citations is this passage, (John 1:29): "The next day John seeth Jesus coming unto him, and saith, Behold the Lamb of God, which taketh away the sin of the world."
Corrolative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, include the following (p. 332): "Jesus demonstrated Christ; he proved that Christ is the divine idea of God—the Holy Ghost, or Comforter, revealing the divine Principle, Love, and leading into all truth."

Annual Methodist Minstrel Show Set for March 10, 11

The Keystone Class of the First Methodist Church is presenting the second annual "Keystone Minstrel" on Monday and Tuesday evening, March 10 and 11. The initial minstrel show held last year proved to be such a success that the class decided to carry on with another blackface show again this year.

Proceeds garnered from the show are to be added to the Church building fund.

The minstrel will be under the guidance of William G. Sloat, as general chairman, and Victor Ulrich is serving as director. Others on the general committee are Donald Cummings, Carl Beach, Russell McBride and Clifford Dixon.

29-Voice Chorus

Ulrich is also in charge of the publicity, program and ticket arrangements and McBride is in charge of costumes. Ticket sales are being handled by Mrs. Park Smith and Mrs. Charles Olin. Stage arrangements are being handled by Drayton McClelland and Park Smith.

Paul Carter is to be the interlocutor of the minstrel and the end men will be Clifford Dixon, Carl Beach, Donald Cummings, Virgil Gipson, Melvin Tindall and Russell McBride.

The chorus will be composed of Joseph Green, Victor Peck, Merlyn Smiley, John Wilson, Wilcy Groves, Herbert Ward, Ralph Battenhouse, Rodney Gable, Richard Sneed, Everett Allen, John Kalter, Edgar Ebersole, Paul Vanderbroek, Robert Bouse, Rev. James Wright, William Spence, Carl Bronson, David Dorman, Al Brown, Harold Chalk, Victor Ulrich, Ted Peck, Dan Robins, Robbert Peck, William Kennedy, Willis Mallory, Harold Meline, William Sloat and Henry Moore.

'Hula Dance' Ballet

Mrs. Newell Allan will be the accompanist. Solos will be sung by Dan Robins, Russell McBride, Victor Ulrich, Al Brown and Mrs. James Phelan. The quartet is to be composed of Dan Robins, Rodney Gable, Victor Ulrich and Al Brown. Clifford Dixon will play a banjo novelty.

Last year's minstrel highlight, the hula dance, will be revived in the form of a ballet. Wiley Groves, Victor Peck, Robert Peck and Herbert Ward will be the dancers.

100th Anniversary of the Birth of Alexander Graham Bell

MARCH 3, 1947

The telephone was born and raised in a laboratory

Alexander Graham Bell's invention of the telephone was the achievement of a trained scientific mind.

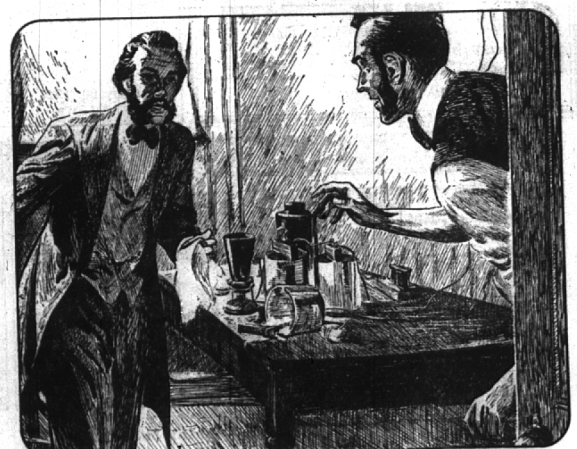
Continuous scientific progress to improve telephone communication began with him and has continued ever since. It is carried on today by the six thousand men and women of the Bell Telephone Laboratories.

Dr. Bell's thoughts on work and research were given to a number of young people in a graduation address.

"Don't keep going only where others have gone. Leave the beaten track occasionally and dive into the woods. You will be certain to find something that you have never seen before.

"Follow it up, explore all around it; one discovery will lead to another and before you know it you will have something worth thinking about."

That has been the policy of the telephone business from the beginning. It underlies the progress that has been made and the progress that is to come.



FIRST SENTENCE EVER SPOKEN OVER THE TELEPHONE (on March 10, 1876) was, "Mr. Watson, come here. I want you." It happened when Alexander Graham Bell spilled some battery solution on his clothes and called out for assistance. Thomas A. Watson, his assistant, came rushing in from another room and exclaimed—"Mr. Bell, I heard every word you said—distinctly."
