

### A Wise Polio Precaution: Keep Foods Well Covered!

Cover food to keep flies away, especially during the polio danger months in summer, is another wise precaution to take in combating spread of the disease, the National Foundation for Infantile Paralysis cautions through its local chapter.

"The 'blue-bottle' fly, particularly, is suspected as a major factor in transmitting the virus as a result of evidence disclosed by investigations conducted by March of Dimes funds.

"The National Foundation also urges that all fresh fruit and vegetables should be washed before use; left-over foods covered, properly, and garbage or rubbish placed in containers with lids so that flies cannot get to it.

By Kay Kaewlin  
All you lovers of fine clothes (and I know from personal experience that you are legion) will want to stop this week at the newly opened Wisconsin Cheese Mart, 477 Woodward Ave., just south of 14 Mile Rd. Driving along Woodward, watch for the sparkling white building on the west side, with the legend "Wisconsin Cheese Mart" over the door. Inside you'll find paradise in the shape of aged (90-day-old) cheddar, mild cheeses, Italian aged cheese, or boursines if that suits your fancy. And be sure to try the "Wispire Club Spread" that is the specialty of the house.

Justly famed for well bred tailoring and good looks are the new white sharkskin suits at Margery Shop, 600 N. Woodward Ave. These practically waterproof suits that stay crisp and fresh even in the hottest weather have been almost impossible to find these many moons, so now they should head your summer list of "musts." Margery Shop is having a sale of cottons right now, and as you know, the stock is all new and fresh. Imagine having your choice of one or two pieces dresses, in the season's loveliest colors and in complete range of sizes.

Talk about finding diamonds right in your back yard! With prices rising like food water all around us, it's the people who have frozen food lockers who are finding diamonds these days. By renting a locker at F. & J. Food Market, Woodward Ave., just south of 14 Mile Rd., you can make substantial savings on fruits, vegetables and meats, by purchasing in quantities and storing in your locker. F. & J. have a food service that's absolutely complete, you know, from the finest meats to the freshest vegetables. Phone 2468 for home delivery service.

There is absolutely no need to spend time polishing up your crys-

tal ball trying to find a place to get china and crystal repaired, lamps made from what-nots, or clocks repaired. That's because George's China Mending Shop, Adams Rd. at Woodward, is equipped to fix anything from that lovely old plate Aunt Hattie gave you (the one Junior dropped and broke) to a music box that's out of whack. I think the way George can grind the ticks out of lovely crystal, and fuse china until it's strong as new is just wonderful. Don't you?

We all agree that protection of the fireplace in your cottage or cabin is even more important than in your home in town. But it seldom you can find a screen that offers maximum protection and is right for your cottage or cabin fireplace, whether it is stone or brick. The strong metal mesh curtain runs on a traverse rod, making it easy to close when you leave the fire alone. The start is closed Monday through July, but open every other day at noon.

It won't be long before everyone will be saying "marvelous as Marvalon"—the new plastic fabric that is the best thing yet for covering cupboard shelves and kitchen cabinets. Mulholland's new Marvalon in stock this week, but methinks the supply will not last long. It's soft as fine leather, very pliable, and tough enough to withstand the hardest kind of usage in your kitchen. Marvalon comes in both 42 inches and 33 inches wide in checked and plain colors—red, blue, green, yellow, and dark ivory. Really—Marvalon is marvelous.

It seems to me there is always something around our house that needs fixing—either the washing machine does not run just right, or one of the kids' bikes is on the fritz. That's why I've learned to depend on Bange's Bike Shop, at 241 So. Woodward. When anything goes wrong, I just pick up the phone and call 3797 and Bange will come right over, get whatever needs fixing, and bring it back as good as new. And you be certain that Bange's can repair your washing machine, as they carry parts for all standard washers. The number is easy to remember too—3797.

Dear Duncan Hines: Here's an addieck for your book, "Addiecks in Good Eating," that I know you are going to like. Next time you are in Birmingham, be sure to stop at Mayans, Woodward Ave. at Oak, where they are serving lunch. I would just like to entertain at Mayans, and it's fast becoming the place for luncheons, lunches, or "winging breakfasts." When you visit Mayans, have Mrs. Hale show you the private dining room—it's lovely. Yours for good eating—Kay.

Of \$43,000 G. I. home loans so far guaranteed by the government, it has had to make good only 133 instances, showing the World War II veteran has proved to be an excellent loan risk.

**NOTICE OF PUBLIC AUCTION**  
Pursuant to provisions of Section 7 of Act 135 of the Public Acts of 1945, as amended by Act 82 of the Public Acts of 1947.

Notice is hereby given that the City of Birmingham will, at a PUBLIC AUCTION to be held in the Commission Room in the Municipal Building, 181 Martine Street in the City of Birmingham, on the 4th day of August, A.D. 1947, at 3:00 o'clock in the afternoon, Eastern Standard Time, offer for sale the property hereinafter described, together with the right to reject all bids, and final acceptance of any bid to be given by the City of Birmingham at the meeting to be held on Monday, August 4, A.D. 1947, at 10:00 o'clock in the evening, Eastern Standard Time.

The property to be offered for sale is described as follows, to-wit:

All that part of Lot No. 19 of Assessor's Plat No. 28 of the City of Birmingham described as follows:

Beginning at the northerly corner of said Lot 19 thence south 27 degrees 23' 45" east 140.00 feet to the northerly side of said Lot a distance of 78.88 feet to the point of tangency of a curve to the right having a radius of 50 feet; thence along arc of said curve 140.00 feet to the right a distance of 44.72 feet to the end of said curve; thence along the straight line bearing S 73 degrees 15' West a distance of 4.62 feet to the point of tangency of a curve to the left which has a radius of 100 feet; thence along arc of said curve to the left a distance of 76.88 feet; thence northwesterly along the southerly side of said Lot a distance of 76.88 feet; thence northwesterly along the southerly side of said Lot a distance of 22 feet to the west of beginning. Containing approximately 3,129 square feet.
