Chairman Lists Advantages of Troy Township School Consolidation

The following article was written by Emil Ciochka, 2189 Grant road, Troy Township, concerning the advantages to be derived from a consolidation of the eight school districts in Troy Township.

More than two years ago the members of the several school boards within the Township, realizing that their educational program as then within the Township, operating as an individual unit was grossly inadequate to meet standard educational requirements, and in danger of becoming steadily worse as their population increased, convened a joint session in an endeavor to formulate a workable solution to their common difficulties.
