RECREATION ROUNDUP

By The Wanderer

If you walk around Birmingham you will see various activities sponsored by the Birmingham Recreation Board on day and night. The workshop is working, playgrounds are playing, and everything else is bustling. Start some day and stroll over to the Barnum workshop. The boys and girls are turning out so many things that Christmas presents this year should be no problem to them. Right now they are working with genuine leather supplied by Mrs. Paul Shafer of E. Maple Road, Pocketbooks, key ring holders, book covers, and what-nots are all around the shop.

Next, trot on over to the city's new park and playground, Howard Park, located at Cummings and Davis, and you will see that swings, drinking fountains, slides and a shower pool have already been installed.

Waiting for Slides

"The shower pool," Franklin Whitmyr, recreational director, said, "is the small child's answer to a hot summer's day."

Installation crews are waiting for the long ordered giant slide and a back stop for the softball diamond. The park will be completely fenced and the softball diamond completed as soon as possible.

Speaking of softball diamonds, the Recreation Board announces that each softball diamond in the city is furnished with a set of new official softball bases only once during the season. The bases are there for the enjoyment of all, and civic pride should keep them from being misused or chafed. No provision is made by the Recreation Department to replace missing bases during a playing season.

Jitterbugs Don't Scare

Well, getting back to our town stroll, let us remind you to look in at the Wednesday night "Dancing Under the Stars" and you'll see last night proved that thunder and lightning did not scare away local jitterbugs. However, the changeable weather of the past week has caused considerable worry on the part of the dance's general chairman, Mrs. Johnstone. "How can I order more than today's ice cream on Monday?" she asks. "If we order a lot, it's certain to be a chilly evening and if we order on the slight side we sell out too early."

Perhaps Professor Enrico Larsenboyd can answer that one. Anyway, hot, cold, or dry, Birmingham's younger set are enjoying their weekly Wednesday Evening struggle. At the last dance we noticed that Chuck Murray was guiding the little woman around as skillfully as he handled a basketball last season.

Join The Fun

If you walk over towards Quanton school you will see that on the playground tether tennis is about the most popular game. Martha Davis, Carl Gysroek, Clifford Coons, Bill Brown and Julia Smith are some of the more experienced players.

Croquet holds a close second to tennis especially when Judy and Bobby Beach, Bill Wiggins, Beverly Brown and Mary Lou McIntyre are out there swinging their mallets.

The senior tennis championship seems to be getting into a family affair. The McKee sisters and the McKee brothers have already entered.

So you see, we are pretty busy around here and if you have nothing to do on these summer afternoons, drop around to some playground and join the fun.

Wedding Date Set

September 18 has been the date selected for the wedding of Miss Florence Campbell of Box A-2 to Robert Butler, Jr., son of Mr. and Mrs. Robert Butler of Avon Lane. The couple will be married in the Presbyterian church there.

Just a Touch of Bitter

"Times certainly have changed," sighed Saffit.

"How so?" asked Robinson.

"Why, at a little family party last night, the women talked politics while the men got off in a corner and exchanged recipes."
