Will Eventually Limit Use of City Park to Birmingham Citizens

Although it may be two years before the change is made, Springfield eventually will have to be restricted to the use of Birmingham residents only. City Manager Donald C. Ebert revealed Tuesday afternoon.

"The move has been considered for some time, but there are a number of matters which must be cleared up first," he admitted.

Persons from other communities have been attracted to city-owned park in such numbers that Birmingham citizens often found difficulty using park facilities, it has been noticed.

"It will probably be two years at least before the present policy is changed," he explained.

Complete Printing Facilities

• TYPESETTING • BINDERY
 • PRESSWORK • MAILING

As you may know, most printers by their composition and typesetting on the "outside." This delays the production of your job and adds a handling cost to the final price. We operate one of the largest composing rooms in the Detroit area—Day and Night—a great convenience and economy for our customers. It is also the practice of most printers to have their bindery work done "outside." Not so with us—we offer a complete service that gives our plant the edge on nine out of ten printers. May we serve you?
