

**Methodist Church**  
 to Celebrate  
 50th Anniversary

Members of Rescener Lutheran church have set aside next Sunday, June 15, in order to celebrate the 50th anniversary of the dedication of their church building, located on West Maple Avenue near Westfield, which has been acquired by many to be one of the most beautiful small churches in Detroit area.

The anniversary service will be conducted by the pastor at 11 a. m. A family supper and fellowship hour will begin at 5:30 p. m. in a special welcome given to families who were received into membership in the past year.

During the five years since the church was dedicated, the hard membership of the congregation has increased to nearly doubled, and the Sunday school enrollment has increased to near capacity.

Tentative plans are under discussion for the erection of an educational building along colonial lines within the next five-year period.

Each year certain additions are made which help to beautify the church and its property. For some months now the church has been good-looking each evening.

Several tall evergreens were recently planted, and a bulletin board is also under construction.

Interior improvements include the redecoration of the lounge, placing of colonial chairs in the parlors, and the installation of organ chimes.

The paper industry in the United States is a three-billion dollar enterprise. It employs nearly a half a million people and produces approximately eighteen million tons of paper and paperboard annually.
