

Vet's Application For Autos Must Be Filed by June 30

Veterans in Birmingham and vicinity, who are eligible for automobiles and other conveyances under Public Law 253, 79th Congress, should make application for vehicles on or before June 30, 1947, according to a recent announcement made by the Veterans Administration.

The statement issued is as follows: "As to the effect of the delimiting date, June 30, 1947, for completion of claim under Public Law 253, 79th Congress, it may be stated that this is an appropriation act and the appropriation may not be obligated for the purchase of automobiles after June 30, 1947.

Available Till June 30
However, in a decision dated December 26, 1946, the Comptroller General advised the VA that, under the procedure followed by the VA for the accomplishment of the purposes of Public Law 663

an obligation in the sum of \$1000 to cover the purchase price of a vehicle or conveyance is regularly placed on record against the appropriation being involved upon approval of a veteran's application, his office would not be required to object to the use of the appropriation so obligated in a particular case on or before June 30, 1947, even though the sales agreement between the seller and the veteran with respect to the vehicle or conveyance be not executed until after that date.

"The appropriation 36701391, automobiles and other conveyances for disabled veterans, VA, 1947" continues available until June 30, 1949, for liquidating obligations incurred on or before June 30, 1947.

"Inasmuch as the obligation to cover the purchase price of the vehicle or conveyance may not be set up without evidence of the veteran's eligibility, it follows that section 1 and section 11 of VA Form 4502, Veteran's Application for Automobile or Other Conveyance, must be completed before the obligation can be accomplished."

Michigan cigarette smokers already beginning to hoard packages of bags before the new state tax goes into effect. One consolation for whatever it is worth: A package of the weed sells for 47 cents in England. British are tax-cut by their budget for national defense, compared to 6.5 per cent in this country.

There may be a hidden blessing in the late delivery of state bonus checks. Michigan veterans of World War II total 886,000, and the current rate of processing bonus applications is less than 1,500 a day. Federal economists insist that a dollar will be worth 10 to 20 per cent MORE a year from now, as prices decline and consumers get more their money's worth.

If a doctor is occasionally hard to find, remember that 25 per cent of all licensed physicians are specialists, so the University of Michigan post-graduate conference on medical education was told the other day.

Since Michigan state troopers no longer exceed 60 mph on roads, motorcycles, Commissioner Donald Leonard has ordered the following: White shirts with Gray slacks, light blue shirt, black Sam Brown belt, and light grey summer helmet. Did you know that Pennsylvania has four times as many state troopers as Michigan? Or that the average daily working force in Michigan is 294 men, spread over 46 posts in 83 counties. With the average wage up 7.4 per cent and rural crime up 14.1 per cent, Leonard has made a good case why Michigan needs more state troopers.

Fire insurance rates are due to be increased soon. Michigan fire losses have mounted sharply since 1940.

If your neighbor's hen cackles loudly and the rooster crows early and often, this may be why. The average American ate 298 eggs last year. Wartime rate was 392.

This is personal, but it may tell why public opinion surveys consistently show that most Americans favor legislative restrictions against labor monopoly. We invited a roofer in Lansing to estimate the cost of putting a metal roof over a breakfast room. His bid was \$130. When his bill arrived, the amount was \$180.

Members of the Lansing Capitol Club, comprising secretaries of 28 state organizations, are well pleased with the lobbying improved by the legislature. Recommendations of the club were incorporated into final measure. Legislative agents must register with the secretary of state and must maintain financial records for six years.

Despite all the hub-bub at Lansing, the state liquor monopoly system will remain unchanged. The Tripp bill to kill state stores was defeated in the house. SDDs

Five Local Boys To Serve at Camp As Counselors

It was revealed this week by the local YMCA that five Birmingham boys will assist at Camp Ohayo near Holly, Mich., as aids to E. A. Hubbard, program director. Hubbard teaches mathematics and chemistry at Baldwin High. He has had extensive experience in the camping field and returns to Ohayo for his second year and the camp's 28th season.

The Laird Knight Houghton, Bob Brungaber, Larry Bunyan and Hugh Morrow are the boys who will aid Hubbard in the program field. They will serve on the staff along with sectional leaders coming from Michigan and Ohio colleges.

The camp opens June 25 and runs until August 15. There are four periods and boys 9 to 16 are invited. Complete information may be had by contacting the 'Y' office at 139 West Main.

'Y' Groups to Camp

The young adult groups of Birmingham YMCA will journey to Holly, on June 14 and 15 for a week at Camp Ohayo. Out-of-door activities include boating, swimming, softball, tennis, hiking and horseback riding. A songfest and student program featured.

Put yourself on EASY Street

SKIP styling for a moment — it's pretty well admitted by now that Buick has called the turn on the shape of cars to come.

And for the present, slide over performance — with that big bonnetful of Fireball power, nobody's going to challenge you much on the open road.

What else has the trim Buick got that others can't quite come up to?

You find one big answer where the cobbles are plentiful, the car tracks tangled, the bumps big.

This brawny traveler has a ride — a smooth, level, easy stride that makes every road a better road — every ride an adventure in smooth and buoyant comfort.

One reason: It was Buick that first in-

troduced the American public to soft, gentle coil springing on all four wheels.

It was Buick that first made it possible for each wheel to step over bumps as they came along, leaving the frame and body to pursue their level way undisturbed.

Buick's coil springs keep their gentle softness always. They need no greasing or attention. They are unaffected by dirt, wear or the weather, and breakage is practically unheard of.

The net of it all is that you put yourself on Easy Street when you seat yourself in a Buick. You make every road a better road — every ride an adventure in smooth and buoyant comfort.

Why not drop in and learn more? Whether you have a car to trade or want to talk on a "clean deal" basis, you'll always find a warm welcome here.
