**First Church of Christ, Scientist**  
 Pastor and Willet Street  
 Sunday services—11 a.m.  
 Wednesday Morning—8 p.m.  
 Sunday school—11 a.m.  
 "Teacher" will be the subject of the Lesson-Sermon in the Christian Science Churches throughout the world on Sunday, March 23.  
 The Christian Text (Col. 3:2) is: "Set your affection on things above, not on things on the earth."  
 Among the Bible citations in this passage, it reads: "1:17: 'Love not the world, neither the things that are in the world. If any man love the world, the love of the Father is not in him. And the world saith unto him, Give us a sign; but he saith that he that doeth the will of God abideth for ever.'  
 Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, include the following (p. 123): "The verity of Mind shows conclusively how it is that matter seems to be, but is not. Divine Science, rising above material theories, courses material things into thought, and replaces the objects of material sense with spiritual ideas."

**It seems like yesterday**  
 It seems like yesterday that Nancy was playing with dolls. Now she's pushing her own baby carriage. Yes, there's been a lot of changes in the last 20 years—most of them so gradual we hardly notice them at all.  
 Nancy didn't grow up all at once. A tooth at a time—a curl at a time—an inch at a time—and suddenly a little kid sister was Mrs. Joe Jones, mother of Joe, Jr.

Like Nancy, the use of electricity has grown a lot in the last 20 years. But the price of electricity has been going down steadily. You may not have noticed it because your bill probably stays about the same—but how many appliances have you added to your home since '27? Now, you are getting nearly twice as much electricity for your money as you did then.
