May 22 Date of Ruth Shain Class Reunion

Dr. James K. Pollock, who is scheduled to speak here at the 27th annual reunion breakfast of the Ruth Shain Class in International Relations next Thursday at 10 a. m., is well known by Birmingham audiences.

Dr. James Pollock

When on the faculty of the University of Michigan as associate professor of political science, Dr. Pollock spoke before Birmingham audiences in 1934 and 1935 on "Hitlerism" and "The Neutrality Act."

His subject in this lecture will be "Latest Report from Germany," a topic on which he is well qualified to speak since he has just recently returned from that country where he served as special adviser to General Luceas D. Clay, military governor of the American zone of occupation.

Winner in Red Cross "Star Your State" Contest

It seems that one Birmingham boy who is far away from home serving in the armed forces of our country, has really been thinking about his home state, and...

Past and present presidents of the two sponsoring groups, Mrs. Zella Bricker and Mrs. William K. Carter of the AAUW, and Mrs. William O. Merrill and Mrs. William Milligan of the Women's Club, will also be honor guests.

Born in 1895, Dr. Pollock received his A. B. degree at the University of Michigan in 1920, his master's degree the following year, and his Ph.D. at Harvard in 1925.

He was appointed assistant professor in 1927 and associate professor in 1929. Dr. Pollock is now back at his former position as chairman of the department of political science at Michigan.

HERE you see — in one sleek and tidy package — all the things it takes to make the style-setter and the standout performer of the year.

One eye-filling glance will tell you that here's the clean-lined beauty and hint-of-tomorrow look that will cue the trend of car design for many seasons to come.

But just wait till you get this beauty in motion, and you'll know why folks are saying there's nothing on wheels to match it.

That bonnet's not broad and haughty for looks alone; it's brim-filled with power — the satin-smooth power of Buick's big Fireball straight-eight engine.

Go where you will, its two solid tons and soft coil springs on all four wheels make byroad and highroad equally smooth.

You get this in any Buick. But you get something more in the one pictured here.

Its snug top shelters you at the touch of a finger. Its door windows and even its front seat are power-operated by push-button control.

And thanks to the magic of Buick's new Silent Zone mounted bodies, you ride in a solid and road-steady silence such as Convertibles have never known before.

In other words, here's style and size, power and room, convenience and comfort all wrapped up
