

Apple Sprinters Win Wide Margin Over Cranbrook, 76-33

By Jerry Nall
Taking seven firsts and both re-

hys, the Birmingham track team brought the Cranbrook squad to defeat, 76-33, in a meet at Cranbrook last week.

Bob Littleton, high point man for Birmingham, noted out the Cranbrook tracksters to take first in the 120 high and low hurdles.

High point man for Cranbrook was Bicknell, who captured the broad jump with a leap of 20 feet, eight inches; took the high jump and tied for first in the pole vault.

"Morals and Immorality" will be the subject of the Lesson-Sermon in all Christian Science Churches throughout the world on Sunday, May 18.
The Golden Text (Romans 8:15) is: "The earnest expectation of the creature waiteth for the manifestation of the sons of God."

Among the Bible citations in this paper, Romans 8:15—There is therefore now no condemnation to them which are in Christ Jesus, who walk not after the flesh, but after the Spirit.

Credentive members to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, include the following in 1947: "An oracle give up the notion that there is more than one God, more than one God man in Godliness will appear and this eternal man will include in that likeness no material element."

Fifty-One Were Confirmed at St. James Sunday

Last Sunday, May 11th, at four o'clock, the Rev. Harold E. Towne, rector of St. James Episcopal Church, presented a class of fifty-one candidates for confirmation to the Rt. Rev. Richard S. M. Ehrlich, Suffragan Bishop of the Diocese of Michigan, on the occasion of his annual visitation to St. James Parish.

Bishop Ehrlich was born in 1910, of missionary parents, in Mardin, Turkey. He studied in Phillips Academy, Andover, Massachusetts, and graduated from Brown University in 1932; after which he studied for a year at the Episcopal Theological School, Cambridge, Massachusetts, and two years at the Union Theological Seminary, New York City, graduating in 1935 with the degree of bachelor of divinity, and receiving a fellowship to Marburg, Germany. There he spent a year, and received the degree of doctor of philosophy in 1937.

He was elected Suffragan Bishop of Michigan in 1946 and has been in the Diocese for eight months. He is in charge of the missionary work of the diocese and the department of publicity.

Industry Looks at Our Town

Maybe you read how a group of industrial experts have decided that the small town is the place for industry—not big cities. Resolutions give us better housing, cleaner living, and more opportunity for wholesome recreation.

Well, looking around our town I'd say that was about right. Most of us own our houses, and keep them looking nice; we enjoy each other's company; and our recreations are mostly simple outdoor sports, and in the evening a mellow glass of beer with pleasant company.

As Doc Walters says, that sort of life just naturally sets you up for work the next day... whether it's in office, mill, or field. And Doc should know. He works fourteen hours, but never misses his morning "constitutional" or his evening glass of beer with friends.

From where I sit, any industry could profit from being in a town where wholesome living, temperance, and friendliness are the rule.

Let's Talk Sense About Food Prices

In all the talk about lower prices, don't forget this:

Day in and day out, no retailer does a better job of keeping prices down than your food merchant. No food merchant does a better job than A&P.

We would like you to understand two important things about A&P's price situation:

Our net profit during the past five years has averaged only about 1 cent on each dollar of sales. If we were to operate our business without any profit at all, this 1 cent would amount to a saving of less than 4 cents a day on the entire food bill of the average American family.

We sincerely believe that A&P has the lowest cost of distribution of any retail business in the world. When you spend \$1.00 in an A&P store, you get 86 cents worth of food and only about 14 cents goes to meet all expenses—wages, taxes, rent, light, heat and the hundreds of other expenses incidental to the stocking and operating of a modern food store—including our very small profit.

Obviously there is little "fat" in such a price structure. Our operating costs and profits are already cut close to the bone.

Merchants generally have reduced prices on many items on which they were overstocked. In recent weeks we have reduced prices on hundreds of such items. That is common merchandising practice and has no relation to a general or permanent price reduction.

While many food prices have already been lowered, we must recognize that no substantial general reduction in retail food prices is possible until the cost of food to the retailer is reduced.

As any housewife knows, A&P's business has been built on the policy of selling quality food at the lowest practical price every day.

We pledge to our customers strict adherence to that policy. We will continue to lower our prices as fast as reductions in costs to us and economies in our operations permit.
