BUT WHO CAN FEED A FAMILY ON WEEK END SPECIALS?

Nobody wants to eat weekend specials exclusively . . . and nobody should, because they don't provide a well-balanced diet. What's more "weekend specials" on a few items don't save you as much money in the long run as everyday low prices on everything you eat. That's why millions of people find that the best way to enjoy well-rounded meals and cut their food bills, too, is to shop regularly at A&P. You see, A&P doesn't believe in slashing prices on a few items on weekends and making up for it with high prices on other items all the other days of the week. Our policy has always been to save you money on everything every day in the week. Result? You get more good food for less money by doing all your marketing all the time at your thrifty A&P. Try it and see!
