Wedding Invitations and Announcements

To Be Socially Correct

GENUINE Engraving lends a personal smartness to calling cards, wedding invitations and announcements. Socially correct too, in fact the accepted social graces demand it... for there is no substitute which can convey the character, the charm, the quiet elegance of the genuine. This holds true for informal cards which are in such demand at present.

For all social forms demanding the service of a skilled engraver, we are happy to serve you and at prices that are within the reach of everyone.
