Latrup Townsite News

By LILLIAN DIEDERICH

Latrup Townsite extends deepest sympathy to the family of Dr. John Norman Eastland, 1919 Glenwood boulevard. Dr. Eastland, a dentist, died suddenly Friday morning after a brief illness. He had been confined to his home a few weeks before he died. Funeral services were held at two o'clock Monday in the Bell Funeral Home, Birmingham. He is survived by his wife, Gladys, two daughters, Virginia and Joan, and a son, James.

The annual reports of Latrup Townsite Women's Club were read at the Monday afternoon meeting held in the "House in the Woods."

Among those read was the treasurer, Mrs. Robert Bailey who concluded with the statement the club has on hand \$1,141.89. Auditing of the books was done by Mrs. Phil Urledge, Mrs. Leroy Cline and Mrs. Le Roy Jarvis.

Mrs. Harold Clarke, as program chairman, gave a resume of the year's programs. Mrs. Carl Taylor, as social chairman, thanked her committees for the teas they put on and announced the annual June luncheon for Wednesday, June 4th, at Devon Cables.

Following the readings, election of officers took place with these results: president, Mrs. Norman H. Iverson; vice-president, Mrs. Robert Bailey; secretary, Mrs. Carl Bush; corresponding secretary, Mrs. E. F. Rickelman. Installation of officers was made by Mrs. Lee R. Baker, a former president. The retiring president, Mrs. Roger Baker, expressed

pleasure in having served the club the past year and she graciously thanked her officers and committees for their help and welcomed the incoming officers.

The program titled "Home Talent" followed the long session and brought to realization the fact that in our midst is side-splitting fun not to mention real pin-up girls! Twas these put on a floor show!

What matter their "gams" were encased in long black cotton stockings topped with elastic heel Bloomers, and that their old-fashioned bathing suits resembled suits of armor! They converted the audience listening soap bubbles and singing the refrain, "I'm Forever Blowing Bubbles."

Hilda Miller played the tunes Hurst, Davison, Doig, Hayes, Marsh and Bloom were the dancers.

Frances Cogger did a "Rusty Tap Dance," proving she is no amateur. For the serious side of the program the club enjoyed Mrs. Williams' beautiful voice, with Mrs. Carl Taylor at the piano. Tea was then served to 150 women.

You spot it on the highway every time a Buick comes along: Here you meet the future face-to-face. Here you see the clean, rich, uncluttered design that marks the swing away from what was to what is going to be. Here's the sweep and flow of sander line that's called for by a streamlined age - here's the solid, steady look that spells roadability - the broad bonnet that means room - the massive bonnet that tells of Fireball power aplenty. Here's grace, here's ability, here's sturdy dependability - all wrapped up in one handsome package that's not merely up-to-the-times but ahead of it. Here are the good looks that bespeak good works; you hardly have to be told of precisions carried to ten-thousandths of an inch, of materials searched out from the finest to be found. Any wonder that such a creation is America's most wanted automobile? Any wonder people pass up cars that may be easier to get to wait for a car that's going to stay fresh and new and modern-looking? The simple fact is that you're buying in the future when you buy any good car today. Why not settle on the one that most obviously foretells what the future will be - that has the most in it of what is to come? Buick dealers' showrooms are kept pretty bare of display models by the eagerness of Buick buyers to "take over" the first minute they can. But you'll be greeted in every one of them with courtesy and sincere interest in getting your Buick at the first minute possible. Drop in - talk it over - and insure yourself a happy future by placing your order now. We'll take it, with or without a car to trade.

ONLY BUICK HAS ALL THESE STAR FEATURES. AIRFOIL FENDERS, AIRCOIL SPRINGING, FIREBALL POWER, SILENT ZONE BODY MOUNTINGS, ACCURATE CYLINDER BORING, FULL-LENGTH TORQUE-TUBE DRIVE, BROADBIRD WHEELS, STEPPON PARKING BRAKE, FLITEWIGHT PISTONS, PERMA-FIRM STEERING, DEEPLUX SEAT CUSHIONS, CUELL-AROUND BUMPERS, NINE SMART MODELS, BODY BY FISHER.
