BIRMINGHAM VETERAN NEWS
from the Office of Veterans' Affairs Lansing

Veterans will receive appointments to between 350,000 and 400,000 permanent Federal government positions within the next two years.

Civil Service recently announced that nearly 600,000 U.S. jobs are now held on the basis of war-service and temporary-indefinite appointments. Latest available figures show that veterans are receiving about sixty-one per cent of Civil Service appointments now being made.

Most of the jobs now held on a war-service or temporary-indefinite basis will be refilled on a permanent basis within the next two years. Turnover will also create thousands of permanent job opportunities with Uncle Sam.

List of twenty nationwide Civil Service examinations, open to disabled veterans but not the general public, may be obtained by writing to the Civil Service Commission, Washington 25, D. C.

Among the examinations so listed are those for guard, postmaster, accounts engineer, food and drug inspector, painter, personnel assistant, plumber, pipe fitter, property and supply clerk and officer, engineering and scientific aide, typist. Bulk of the job openings listed through these tests are in Washington, D. C. area.

Regional offices of the Civil Service Commission throughout the country publish similar lists of examinations or jobs in their areas. Civil Service Secretary at your nearest first or second-class post office will usually have such a list for you to inspect.
