out of seven . . .

In checking the Detroit area listings of "Printers Ink Publication Directory" we discovered that one out of every seven house organs published in Detroit and vicinity are produced by the printing department of The Eccentric.

This high percentage, though not particularly surprising to us, is quite a record of achievement for one plant. Yet these publications represent less than 40% of our total volume. May we serve your printing requirements?

A Detroit Sales Office To Serve You.
