Need Seen for Additional SCF Christmas Bags

Mrs. Robert Schilling, chairman of the Christmas project for the Save the Children Federation, reports that organized groups have promised to fill 300 bags for European children.

String bags, which have been used for onions and potatoes, are ideally suited to this purpose. Each bag should contain a warm article of clothing, some article for personal cleanliness, a game or other sort of amusement, and a school supply.

Mrs. Schilling suggests that all articles be wrapped in gay Christmas paper. Each bag should have a card attached, stating whether it is intended for a boy or girl, and the age of the child.
