Future Housewives Learn to Cook

—Photo by H. P. Estes

Taken at Hill School, the above picture shows how Birmingham girls are preparing themselves in order that they may give further aid to the food situation in the country. The girls will not only learn to prepare nourishing, tasty dishes for their own families, but will be trained to use plentiful and the more inexpensive foods, thus helping the family budget as well as preserve the scarce foods which are being sent abroad for the relief of war victims. Pictured (left to right) are: Ruth Smitcher, 15; Virginia Hawkins, instructor; Mrs. R. F. Giffels, representative of the Birmingham Community Council's Food Committee; Cynthia Harrison, 17; and Beverly Jahn, 17.

School 'Y' Clubs Visit in Detroit

The group of 40 youngsters boarding the Greyhound bus last Wednesday morning were on their way into Detroit accompanied by Ed Kierber, the local 'Y' secretary and several of his older Hi-Y boys.

Their first stop was the Industrial National Bank where they saw over 50,000 different pieces of money from all parts of the world. Many of these dated back to Biblical times. After being conveyed through the downtown streets, the group went through Vernor's Gingerale plant and then hiked down to the D & C wharf.

Lunch was eaten near the Detroit River area and then the group boarded buses for the Naval Armory where they were the guests of Commander Mahoney on a tour of the submarine "Triumph".

On the return trip, all the boys and those who still had energy to burn took a dip in the swimming pool. A much subdued but happy throng came home late in the afternoon with a wealth of factual information about many things that they had seen.

Representatives from the Pierce, Quorton, and Adams 'Y' Clubs took the trip.

This is the famous automatic washer that works for you! It washes, rinses, damp-dries all your washables . . . even foundation garments and pillows.

So easy to use. You drop the clothes through the inclined front, choose the water and washing time you want, add soap. That's all. It does the rest automatically. Even cleans and drains itself and shuts off.

And when you remember that the Laundromat requires no boiling to the floor, that its transmission is guaranteed for five years, that it is a veritable miser with soap, water and electricity, you'll agree it is the washer for you.

It washes clean and does not tangle the clothes.
