

**Builders Can Store Materials on Street, Commissioners Learn**

Building contractors may use up to one-quarter the width of a street to store building materials, according to a city ordinance cited to city commissioners Monday evening by City Manager Donald G. Egbert.

The commission had previously gone on record as objecting to such storage. When informed of the provisions of the ordinance, Mayor Milton F. Halender stated, "Well, let's keep the contractors within that limit, and if it still doesn't seem to work out, maybe we better change the ordinance."

**PONTIAC**

A FINE CAR MADE EVEN FINER

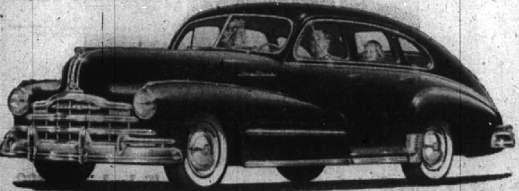

**For all "one-car" families**

For the family which has but one motor car—Pontiac is an extremely wise choice. First, it is big and beautiful. You can drive it anywhere, any time, with the certain knowledge that it will be admired. It also gives you the comfort you want, and need. It is safe, too—because it has big, sturdy brakes—and remarkable balance on turns and curves. It provides the perform-

ance luxury of GM Hydra-Matic Drive". It is quick and nimble, easy to steer and park—a feature especially appreciated by women. And it is very economical—just as economical, in fact, as any car you can buy. It is a rare car, indeed, which can offer all these qualities. And because Pontiac does offer them, it is becoming the choice of more and more people every day.

\*GM Hydra-Matic Drive, Bumper Guards and White Side-wall Tires optional on all models at additional cost. HELP AMERICA PRODUCE FOR PEACE—TURN IN YOUR SCRAP IRON AND STEEL

**GOOD "HEART-KEEPING"**

We've heard a lot about good house-keeping. There is also such a thing as good "heart-keeping."

Our hearts are just like our homes. They have a way of becoming cluttered up with items of every description. Unless we make a daily habit of picking things up and putting them in their proper place, our hearts—even as our homes—will become places of disorder and confusion.

The first place in a well-kept heart is always given to God, to prayer, to meditation on things spiritual. Deep gratitude to God for the salvation which is ours through Jesus Christ is the adornment of the heart which is being "kept" as God would have it.

"Seek ye first the kingdom of God," says Jesus, "and all these things shall be added unto you." This is the mark of good heart-keeping. It gives evidence of some thoughtful planning. It is the result of frequent consultations with our Senior Pastor.

Your Church will gladly give you more information on the subject of your relation to God and to the environment in which you live.

This message is brought to the citizens of this community as a public service by the members of Redeemer Lutheran Church, 1868 West Maple Avenue.

**RADIATORS NEED ATTENTION**

IN THE SPRING It's Time to Do These Jobs

- 1—Drain out the anti-freeze.
- 2—Clean out the RUST and SCUM with DuPont Cooling System Cleanser.
- 3—Insure against leaks by using DuPont Cooling System SEALER.
- 4—Keep the water free from rust. Put in DuPont Acid and Rust INHIBITOR.

WE KEEP YOUR CAR FIT!

Come in today. Don't put it off until over-heating causes serious damage to your motor.

**We're Having BUDGET Trouble Too**

Rich or poor, young or old, there's something to be gained or lost—Eccentric Classified Ads.

No. 2418  
STATE OF MICHIGAN—The Probate Court for the County of Oakland. At a session of said Court, held at the Probate Office in the City of Pontiac, in said County, on the 6th day of April A.D. 1948.

Present: Honorable Arthur E. Moore, Judge of Probate.  
Edward J. Warden, Clerk of Probate.  
B. Corvill, Mentally Incompetent.  
Edith B. Corvill, executrix of said estate, having filed in said court a petition praying that the time for the presentation of claims against said estate be appointed to receive, examine and adjust all claims and demands against said estate by and before said court.

It is Further Ordered, that the 6th day of July 1948 at nine o'clock in the forenoon, at said probate office, and its hereby appointed for the examination and adjustment of all claims against said estate.

ARTHUR E. MOORE,  
Judge of Probate.  
237 W. Wabash  
Birmingham, Mich. 4-5-8

WITH THE COST of everything going up, you probably are having trouble keeping within your budget these days. We can understand your problem, for we are having budget trouble too.

To operate your household properly you must buy certain things—food, clothing, fuel and so on. All these items have risen in price. The average price for all cost-of-living items according to the Bureau of Labor Statistics, is up 67 per cent over the 1935-39 base period.

In fact, about the only things that haven't gone up in price are gas and electricity.

Now, after resisting the upward trend of prices for a long time, we have had to ask the Michigan Public Service Commission for an adjustment of our natural gas rate schedules. The reason, of course, is that our costs of supplying you with natural gas service are 'way up.

Payrolls are up.

The average cost to us of natural gas delivered to customers in 244 Michigan communities is up. (One reason is that Michigan natural gas is no longer available in large quantities. Another is that natural gas from Texas, Oklahoma and Kansas must be imported and put in storage fields during warm weather to help meet winter demands—which involves considerable expense.)

Building costs, material costs, equipment costs—are all up.

You naturally want good, reliable service. And you want your future supply protected. So we must plan ahead to bring gas from far states and make arrangements to store vast quantities underground, so it will be ready when you need it most.

To keep your gas service good requires more money than our present gas rate schedules provide. Present revenues are insufficient to attract the tremendous amount of new capital needed to provide adequate facilities for your future gas needs. And that is why we have had to ask the Michigan Public Service Commission for relief. This relief, if granted, may mean somewhat higher gas prices for all classes of customers in the former "All-Michigan gas" area—Alma, Bay City, Charlotte, Hastings, Howell, Ionia, Ithaca, Lansing, Mason, Midland, Saginaw and areas nearby. In the "Texas gas" area—Plymouth, Birmingham, Ferndale, Flint, Jackson, Kalamazoo, Marshall, Mt. Clemens, Owosso, Pontiac, Royal Oak, St. Johns and areas nearby—there wouldn't be much change except that customers who use gas for house heating might be asked to pay a slightly higher rate—though they still would be able to heat cheaper with natural gas than with any other fuel.
