**Hello, Gorgeous!**

Come in... meet the glamour queen of the motor car world!

If Atlantic City were holding a beauty contest for automobiles this year, there'd be no question about the winner. It's pictured above—the breathtaking new Packard Convertible. And it's beauty that's backed by brawn and brains. Its newly engineered chassis gives this Packard a safety, a rigidity, a glued-to-the-road stability new to this type of car. Its low-slung body is the quietest any Packard convertible ever had.

The new engines—whether the 145-h.p. Super or the 160-h.p. Custom—well, you have never known performance that could touch what they give you. And every ultra-smart interior appointment is what you would expect in the finest Packard ever built.

But come in, meet this dazzling darling. From the first glance, there'll be a new love in your life!

**THE MAN WHO  
 DIDN'T NEED ELECTRICITY**

Life with Father was smooth, tranquil and unruffled... so long as Mother kept the hired help on their toes; saw that no slip-up disturbed his ease!

Today, electricity's the hired help—electricity which does the work faster... easier... and more reliably, too.

But just picture doing all the tedious household tasks the old-fashioned way, and electricity will seem even a bigger bargain!
