## Continue Project to Make Birmingham 'City of Flowering Crabapple Trees'

Continuing the project of making Birmingham the "City of Flowering Crabapple Trees", just as Holland, Mich., is known as the city of tulips and Washington the city of cherry blossoms, the Birmingham Branch of the Woman's National Farm and Garden Association will again make the young trees available to Birmingham residents.

In 1941 the Association originally launched the plan which got nationwide attention, when over a thousand young trees were planted on city and residential property by Birmingham merchants and home owners.

Since the war the trees are again available and many more have been planted during the last two years.

Mrs. James J. Reilly, Jr., will be chairman of the committee who will distribute the trees to any Birmingham resident who wishes to help make Birmingham the "City of Flowering Crabapple Trees". Orders for the trees will be taken by her or by any member of her committee, as follows: Mrs. James J. Reilly, Jr., Mrs. Ralph H. Schell, Mrs. Norman E. Clarke, Mrs. D. L. Tate, Mrs. A. P. Wilkinson, Mrs. R. W. Chisum and Mrs. R. S. Gans.

The following varieties are available: Japanese Crabapple (4' to 5' and 6' to 8'); Bechtel Crab (15' to 20' and 6' to 8'); Red Vein Crab (6' to 8' and 6' to 8'); Purple Eley (5' to 6' and 6' to 8'). Deliveries to be made May 1st, weather permitting.
