Church Services

First Church of Christ, Scientist Chester and Willetts Sunday services—11 a.m. Wednesday—8 p.m. Disease, and Death Bell? Will be the subject of the Lesson-Sermon in all Christian Science churches through out the world on Sunday, April 12th: The Golden Text (Isaiah 43:17) is: Israel shall be saved in the Lord with an everlasting salvation. Among the Bible citations in this message (Job 31:23): "Teaching the All mighty, we cannot find him out; he is secret in power, and in judgment, and in plenty of justice; he will not afflict." Corrective messages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, include the following (p. 272): All reality is in God and His creation, harmonious and eternal. That which creates is good, and He makes all that is made.

"Enlistment Day" to Be Noted by Baptist Church

Members of the First Baptist Church will observe this coming Sunday as "Enlistment Day." The morning services will follow an ancient Biblical pattern, and will provide members with an opportunity to indicate their pledges of service to the church. The church has been conducting an educational program among the members, and friends of the church. They have fully outlined the needs and opportunities of the church and an increased interest has been shown in an enlarged program for local and missionary work. The summary of the 1948-49 budget shows an increase of 20% over the 1947-48 budget. However, officers of the church feel confident that this increased budget can be met through the wider activities of the church. For those who will be unable to attend the services, a staff of callers has been named who will make personal visits to the homes.

YOUR RUGS need cleaning too! Regular cleaning—as this lad unwittingly has learned—is essential to appearance and good health. And so it is for the rug in your home. They need regular dry-cleaning for beauty and long life, and for your family's health. All rugs attract dirt and germs that make them dull, lifeless and unattractive. Star-cleaning removes all the deep-seated dirt and grime and restores the original brightness, beauty and cleanliness. Call Star today and start the good habit of having your rugs Star-cleaned regularly. TACKLED-DOWN CARPETS CLEANED ON YOUR FLOOR IF DESIRED. STAR CARPET CLEANING CO. A HEM THAT . . . NEVER TEARS Someone has said: "Hem the day with prayer, and it will be less likely to unravel before night." We know of no better way to keep the day from unraveling. The believer opens every day with prayer. He asks God for protection, for guidance, and direction. And at night he offers thanks for answered prayer and pleads for pardon wherever he may have done wrong. Prayer, after all, is nothing but daily conversation with God, made possible by Jesus Christ. Through Christ we have constant access to the Father. For Jesus said, "Whoever ye shall ask the Father in my Name, He will give it you." Have you learned to come to God through faith in Christ? Then your days and your years can be securely hemmed in by prayer and insured against unraveling. This statement of Christian belief is brought to the citizens of this community as a public service by the members of Redeemer Lutheran Church, 1800 West Maple Avenue.

It's NO. 1 on the "It" Parade

It's much the same way with cars as with people. Some "have it" — some don't. Some you go for, all out — without quite being able to lay a finger on why. And those — well, they usually become your firmest friends. What is it that makes so many good folks say this trim honey's "got it"? Good looks? One has to admit it's nice to ride in a car that is unmistakably itself and not just a slightly modified version of something else. Size, weight? Well, the polls tell us it's a pretty important factor since, if you like an automobile that does things, there is just no substitute for brawn and solid substance. Power? Naturally. You can't sit long behind this big Fireball straight-eight without falling for it plenty hard. Handling? Ride? Room? They all have their avid fans among Buick owners. Especially now with a completely new kind of engine mounting ironing out vibration build-up as never before, and in this Convertible model, with automatic top, door-window and front-seat adjustment.

Is it the wonderful new Dynaflo Drive? That's causing so much talk? In ROADMASTER models that is certainly a big factor. You'll never know how silky smooth a drive can be — what fluent new ease there is to all your going — till you drive the car where liquid replaces both the clutch and first, second and high gears. But as nearly as we can find out — and we talk to a lot of people — it isn't any one thing that puts Buick at the top of the "It" parade. It's the over-all richness of this honey in all the things you've dreamed of finding wrapped in an automobile. Ask any friend who drives a Buick — then see your dealer and get a firm order in, with or without a car to trade.

WHAT'S DIFFERENT ABOUT DYNAFLOW DRIVE? An efficient new pump (left above), Buick engineers have added a true turbine (right) and an ingenious new supercharging assembly (in hard) which produces a torque-bolting action in starting and accelerating. The result is the first device on any American passenger car which employs liquid to fill the function of both the clutch and the usual low, second and high gears. The clutch pedal is eliminated and a simple control gives you manual selection of power ranges and direction. \*Optional at extra cost on Roadmaster models only.
