Water Pageant Tonight Will Present Colorful World Tour

This evening at 7:30, Barnum pool will be the scene of the annual Recreation Board Water Pageant. Approximately 200 children will take part in this event which will climax the eight-week summer recreation program in Birmingham. The program is under the direction of Miss Jackie Buck.

The theme of this year's pageant will be an imaginary trip around the world. The audience will be invited to board the airship of the future and travel around the globe in record-breaking time. There will be ten stops in various countries around the world. At each stop the swimmers will depict water sports representative of these lands.

Ireland is the first stop in the itinerary. The beginning boys and girls will play the roles of the Irish children. In England, the second stop, the intermediate boys will take the spotlight in what promises to be an exciting race. The 1200 girls' and 200 boys' swimming classes will then depict for the audience a tulip race of the children of Netherlands. Finland is the next stop to be visited. Here the "Finnmen" will be some of the beginning boys.

Visit Spain — The colorful country of Spain is next in line. The part of the pretty Spanish senoritas will be played by the beginning girls when they participate in a fast race. The magic plane will then move on to sunny Italy. The "Italian" boys will swim in a fast-moving team there.

From Italy the audience will make a quick trip to the far east and stop over in China. Here the intermediate girls will perform. Another group of intermediate will also present the next race which will be representative of Japan. From here the ship will move on down through the south Pacific and land on the beautiful side of Hawaii. In imitation of the expert Hawaiian swimmers, the intermediate boys will participate in a shell retrieving contest. The last stop in the journey will be in the land of our neighbors to the south. A beginning boys' sombrero race will represent Mexico.

Diving Exhibition — Back in this country once more the audience will be privileged to watch a diving exhibition by a shell representative of the unexcelled swimming ability of the young people of our own land. As a fitting climax to this imaginary trip around the world, the synchronized swimming group will present a "United Nations Water Ballet". The girls in the ballet will be Marilyn Shira, Nancy Baker, Mary Mullen, Diane Dewar, Roberta Allison, Beverly Hammond, Madonna Springer, Carolyn Lutz, Sherrill French and Lucy Calkins.

The program will last about one hour and the public is cordially invited to attend. There will be a small admission fee.
