THE nation-wide manufacturing and purchasing facilities of Western Electric Company and the centralized research of Bell Telephone Laboratories both help Michigan Bell to serve you efficiently and economically.

Western Electric manufactures or buys nearly everything Michigan Bell uses from paper clips and motor trucks to vacuum tubes and the most complicated central office apparatus.

This assures us of high standards of quality, rea-sonable prices and a dependable source of supply. By working for the whole Bell System, Western Electric asses on to Michigan Bell the savings of mass pro-ction, mass distribution and quantity purchasing. Bell Laboratories provide Michigan Bell with the

results of the most modern and extensive scientific research for better, more economical communication facilities—all at only a fraction of what it would cost maintain an equally productive laboratory for Michigan Bell alone.

These two Bell System organizations help make it possible for you to have good telephone service at low cost.
