

Proper Lighting Is Shown Camera Club

To give photography students a conception of professional lighting, John H. Bourque, formerly with the Gavaert film company, demonstrated that phase of photography here Dec. 8.

Bourque, telling of Daguerre's work, related some history of photography. As he exhibited his equipment, Bourque stressed the importance of its continual care. Donna Puls was chosen to model while Bourque showed how to use a fill-in light, a kick light and a spotlight.

As an experiment Jim Lurkins was allowed to arrange the lights. Bourque gave students hints on posing and explained four basic poses. Hair highlighting was shown with Mary Beauchien as the model. An informal question period followed the demonstration.

News Notes from Vaughan School

A spirit of Christmas gaiety pervades Vaughan halls with the vacation for the Christmas and New Year season beginning on Friday, Dec. 17. Lighted trees may be seen in most of the rooms, along with decorations of evergreen boughs, Christmas bells and the like.

The faculty party was held last Friday night in the kindergarten room. Gay decorations, games and refreshments suited to the season were planned by the committee. Those serving were Virginia Condon, Gretchen Bigham, Agnes McHugh, Richard Spiess and John Jacobs.

The long awaited report cards which were issued Friday brought the usual reactions of sighs and smiles from Vaughan students.
