Comfort for Christmas an Airfoam Mattress

"Everything You've Always Wanted In A Mattress"

Airfoam is pillowy, featherlight latex foam whipped to a frothy, air-filled texture, then molded and permanently "set". Airfoam is not a padding... it's a buoyant, resilient cushioning, made only by Goodyear.

Lasts For Many Years

Airfoam retains its eager resiliency and original trim appearance. It's a one-piece material with nothing to break down or shift out of place. That's why it is first choice in hotels, hospitals, and transportation.

- Withstands constant abuse.
- Sag proof.
- Moth and vermin repellent.
- Never lumps up or mats down.
- Mildew proof.

Efficient Work Saver

Cuts down bed making time, because Airfoam keeps its trim, well-tailored shape... no time to be spent punching mattresses back to normal.

- No airing, because Airfoam is self-ventilating... keeps pure and fresh.
- Never needs turning.
- Never gathers dust or sheds lint.
- Wonderfully light-weight.
