Great News

for every motorist who breathes!

Come in—see the real thing in automatic all-season heating and ventilation!

HERE'S an amazing new system that combines fresh air... automatic warmth... and sheer magic!

In winter—it keeps car air automatically at the desired temperature... with a gentle blanket of warmth instead of the old-style blast of heat. It circulates warmth fore and aft, side to side. Does away with window-fogging problems. Gives you a complete change of air once a minute!

On rainy days—it picks dry, fresh air right out of the mist... keeps interiors crisp and windows clear.

During heat waves—it circulates a quiet flow of fresh air throughout the car... even when windows are closed and the car is standing still!

See it and you'll agree—it's the successor to all car heating and ventilating systems you've ever known!

So drop in soon at your nearest Packard showroom. See how the new Packard Eight lets you "tune in" the best of every season!

Mid-winter Memories of Michigan travel:

How Col. Karl Detzer, roving editor of the Reader's Digest and new publisher of two Michigan weekly newspapers, made a vigorous plea to Michigan newspaper editors for support of Secretary of State George C. Marshall and Senator Arthur Vandenberg. Detzer spoke at Traverse City, "Joe Stalin is scared of Marshall," said Detzer.

The week-end at Traverse City (June 21-23, 1947) was delightful. A perfect setting for an afternoon beach and lawn party at "Rosedale," the East Bay home of Austin Badortoff, newspaper publisher.

How I tip over my canoe, trying to carry an outboard motor and to balance myself, both at the same time, and take a dunking in the AnSable river, north of Lucerne. The misses, without saying a word, brings me a bathing suit.

How we travel over a winding wood trail, a mile and three-quarters, to the river cabin of Schuyler L. Marshall, member of the state public service commission and former publisher at St. Johns. No traffic noise here. Cabin has hot for bunkers, huge stone fireplace and glass-enclosed porch overlooking the main stream of the AnSable, near Grayling.

Porcupine mountain cabins may be reserved in advance by writing to Knox Jamison, park superintendent, Ontonagon. Three of these cabins are at Mirror Lake, accessible by foot trail.

How we were surprised to learn that Lake of the Clouds is only 15 feet deep, just a wide spot in the Carp river... How cold the night air was at Mirror Lake, whose elevation is higher than the highest point of the Lake of the Cloud escarpment.

How we spent an enjoyable rainy Saturday in a Heron Motor Court cabin at East Tawas on Lake Huron. Hot water. Shower. Electrical stove and refrigerator. Oil heater. Comfortable chairs. Wood paneled interior. What more could a traveler need?

How we continue to be thrilled at the discovery of lakes in nearly every section of Michigan. Truly, Michigan is the "lake state!"
