Rotary Clings to Basketball Lead

With seconds remaining in the game with Virginia Market, Harry Sugden of Rotary Wildcats looped a basket through the netting to give the Cardinal five a 27 to 26 victory over the Gold and Blue of Virginia Market.

Ritter's Pepsi-Cola stepped into a half-time 29 to 10 score as it rolled over Exchange Club. For the second consecutive week, Don Little garnered more than 20 points as he scored 8 baskets and 5 foul shots for a total of 21 markers.

Lions Club defeated Retail Merchants Association 28 to 15 in a game replete with fouls and poor ball handling. Both teams had difficulty finding the basket and were guilty of numerous misses on dog and lay-up shots.

COMMUTERS!

You have a real stake in the new CHAMBER of COMMERCE

The long-considered and recently-incorporated Birmingham Chamber of Commerce will hold its first general membership meeting and elect its first permanent officers and directors on January 29, 1948, Community House, 8 p. m.

The Chamber, with membership of four classes (Resident, Business, Professional and Industrial) drawn from all elements of the community, is destined to become the over-all coordinating organization working for the civic welfare of Birmingham. It has been conceived—

1. TO FIND FACTS on matters of civic welfare affecting such matters as property values, educational needs, etc.
2. TO PUBLICIZE THESE FACTS.
3. To serve as a vehicle for TAKING ACTION, or SPURRING ACTION, when facts indicate a need.

The chamber deserves your support. We have membership application cards and will be glad to answer any questions. Resident Membership is only $10—the best $10 you've invested. Come in, today, and ask Walter L. Mureland at

Teamwork

Whether a finished job of printing is satisfactory depends upon the coordinated supervision it receives from the time it comes into a plant and leaves that plant.

Here at The Eccentric is a "setup" that assures satisfactory results. Each job is carefully pre-planned before it gets into the shop. Supervision is closely maintained to provide adherence to original planning. The final job isn't just an accident—either good or bad. It just *has* to be right because of the methods which characterize our operation.

FROM
AFRICA AND EUROPE,
ASIA AND FAR EAST—

Come the raw materials that make printing presses; mimeographing machines; paper; inks; and other products that make our services to you possible. And these products come through the channels of "World Trade." A dollar traded in Birmingham is felt around the world!
