

### Why gamble on a dark horse when the favorite is such a swell buy?

The world's most-wanted washer is the only automatic which has been home-tested by millions of women in 9 years of actual use.

No other automatic washer... in fact, no washer in the world... has done such mountains of wash, for so many millions of families, for as many years as the Bendix... and done the whole job automatically!

Workless washdays with the Bendix. Just set the dial, add soap. All by itself the Bendix fills itself with water... washes clothes... changes its own water... rinses 3 times... damps-drys clothes... cleans itself... drains itself... shuts itself off. Your hands never touch water. You don't even have to be there!

## BENDIX automatic Home Laundry

### Group Entertained

Members of the executive board of the First Methodist Church Woman's Society will hold their regular monthly meeting Wednesday, Feb. 4, at 10 a. m.

Ralph Hileman, general secretary of the Detroit YMCA, will speak at the luncheon meeting. Hileman will show pictures of his recent trip to Norway and Sweden.

The Sarah Allen group will be in charge of the luncheon.

### GIRL SCOUTS

Book Review by Margaret Chalk, Chairman of Birmingham Girl Scout Public Relations and

**BRAVE GIRLS**, by Jarrist Phillips, published by the Girl Scouts of the United States of America, New York City, 1947.

There have been hundreds of books published about the war—about American soldiers and officers; the men and women in underground movements; military and political figures among our allies; military and political strategy; about personalities big and small.

In all this, at least one group seems to have been somewhat neglected—the young people who, with their parents and older brothers and sisters fought in the underground against the occupiers of their countries.

In her book, *Brave Girls*, Miss Phillips has filled into our picture of the war the details of how young people helped the Allies to victory.

Her heroines, the **BRAVE GIRLS**, are Girl Guides and Girl Scouts—members of an international movement which includes the American Girl Scout organization. Scout groups, as such, did not become part of the underground, but these Guides and Scouts, acting as individuals, used their trained skill in camping, outdoor living, and woodmanship to thwart the enemy.

They carried messages, hid refugees, helped distribute underground literature, cared for the injured during bombings and did many tasks without regard for their own physical safety.

Guiding and Scouting were banned in every country occupied by the Nazis, but the girls in these countries hid their uniforms, flags and equipment from the enemy and continued in secret to live up to the ideals of their movement.

**BRAVE GIRLS** is an exciting story for all young people. Girl Scouts will be particularly proud to read about their guides and Scouts. The book can serve as an inspiration for all boys and girls because it is a true story, based on interview and authenticated documents, published and approved by Girl Scouts of the United States of America.

### THE MAN WHO DIDN'T NEED ELECTRICITY

Life with Father was smooth, tranquil and unruffled... so long as Mother kept the hired help on their toes; saw that no slip-up disturbed his ease!

Today, electricity's the hired help—electricity which does the work faster... easier... and more reliably, too.

But just picture doing all the tedious household tasks the old-fashioned way, and electricity will seem even a bigger bargain!
