

Christian Science Sunday Lesson

"In the Universe, Including Man, Evolved from Atomic Force" will be the subject of the Lesson-Sermon in all Christian Science churches throughout the world on Sunday, June 20.

"Though there be that are called gods, whether in heaven or in earth, (as there be gods many, and lords many), but to us there is but one God, the Father, of whom all things, and we in him." Among the Bible citations in this passage, (Psalm 119:9, 130): "Forever, O Lord, thy word is settled in heaven. The entrance of thy words giveth light; it giveth understanding unto the simple." Correlative passages to be read from the Christian Science text-book, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, include the following (p. 258): "God expresses in man the infinite idea forever developing itself, broadening and rising higher and higher from a boundless base."
