

In five years the public may expect a coin-in-the-slot machine to cook a meal to order. All the customer will do is deposit the coin, set the machine for medium, rare, or well-done and wait. Another gadget, already being developed, will uncup a bottle of soda, and pour the drink.

Because of their greater toughness and resistance to wear, steel containing from 1/2 per cent to 5 per cent nickel are very extensively used for the gears, steering mechanisms, crankshafts and other vital parts of automobiles.

Barnum PTA and Faculty Honors Miles Robinson

The PTA and faculty of Barnum school honored the Miles Robinsons at a buffet dinner on Wednesday, June 16, in the Community House.

Don Plumstead represented the PTA and presented in that group's name a set of Early American glassware. Ted Gibson, representing the faculty, made the presentation of a watch.

The student body's spokesman was Bill Aikens. They gave a set of matched luggage to the guests of honor.

Other gifts were a sport jacket from the Varsity club and a silver tea and coffee service from the Student Congress.

Mary Lou Gregory, Joe Bachman, Robin Renfrew and Lester Colbert acted as hosts and hostesses for the student group.

The party was given the Robinsons as an expression of appreciation and good wishes to Mr. Robinson in his new position.

Going on Vacation? Then Remember This

BEFORE YOU LEAVE— ON THE WAY— AFTER YOU ARRIVE—

1. Stop milk, newspapers and other bills. Ask a neighbor to keep advertising circulars off your porch.
2. Don't lower window shades. If you are to be gone three weeks or more, arrange to have your lawn mowed. Prowlers watch for such tip-offs.
3. Notify post office to hold mail, or arrange delivery to a neighbor.
4. Lock windows and doors. Remember basement windows and coal chute.
5. Shut off gas and water at main valves. Shut off electricity at master switch unless refrigerator or food locker is to be left on. If current must be left on, disconnect lamps and appliances at wall outlets. If refrigerator is disconnected, leave door open to prevent mold.
6. Inform police how long house will be vacated and where you can be reached in emergency.
7. Service car thoroughly, with special attention to safety features such as lights, brakes, tires, steering, windshield wipers and horn.
8. Put first aid kit and flashlight in glove compartment. Be sure you have all tire tools.
1. Be-lax. Don't try to crowd a year's exercise into two weeks.
2. Take the sun in easy doses. Don't nap in the sun. Wear sunglasses.
3. Stay out of the water for at least an hour after eating, and swim in sight of others. Be sure water is deep enough and free of obstructions before diving. Don't try to swim far.
4. Distribute the load evenly in boats. Don't stand up. If you fall out and the boat stays on an even keel, climb in over the stern. Most boats won't sink, so stay with it until help comes if it capsizes. Check the weather before going far on a large lake.
5. Don't spill gasoline while filling an outboard motor float. A small amount of gas may spread on the bilge, set the entire boat afire when the motor starts.
6. Don't sample berries, touch unfamiliar plants, or drink impure water.
7. Carry an insect repellent with you.
8. Stay away from high ground and single trees in a lightning storm.

WITH THE COLLEGIANS

From the University of Detroit comes the announcement that John Albert Moss, 18176 Angelus, and James A. Garfield, 431 Aspen were awarded bachelor of science degrees at recent annual commencement exercises. Lillian G. Farlan, 804 Woodland, received a bachelor of philosophy degree. "Read me a story, Daddy"

If a small voice belonging to a little growing youngster in your house plaintively says, when playtime's over and evening hours approach: "Read me a story, Daddy"—what do you read?

Do you have good books at hand and are they of the right age level for your youngster? And do you have enough of them, enough to be of benefit to your child's mental and imaginative growth?

Make sure you do, for good books will pay genuine dividends in your child's happiness.

Good Juvenile Books have always been a fetish with us here at LaBelles. That's why we always have so many in stock, and why you can always find the best in Juveniles for whatever the age level of your child.

Have you, lately, chosen new books for your child; good new books for those important hours-of-prime in the day which Longfellow so aptly termed: "The Children's Hour?"

"AT HOME" with your gift

THE strains of Lohengrin fade away . . . comes the solemnity and dignified beauty of the vows . . . the well-wishes of gathered friends; finally the bridal bouquet is thrown to the traditional next-fortunate arm. The dash away to the honeymoon trip, and then, afterwards: "At Home."

While a LaBelles wedding gift invariably wins an immediate, thrilling approval, yet it is really later on—when the exciting occasion of the wedding itself is past—that it is quietly and truly appreciated.

When next you have the opportunity to say "Best Wishes" with a wedding gift remember that when the bridal couple is at home with your gift it is better if it is one which will give lasting pleasure and will never grow old. Wedding gifts from LaBelles carry with them this assurance.
