How to keep a Champ in Trim!

YES sir, there's a championship caliber all through that Buick of yours.

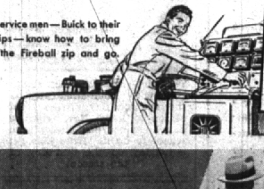
It's caliber that calls for mighty little "conditioning"—if the attention it gets adds up to really knowing and understanding *care*.

For instance, these Fireball cylinders will keep on packing all the wallop they should, if you let us compression-check them in the Buick way. Steering will stay easy and light, tire wear will stay at the minimum, if you keep your wheels lined up on our special tracking gauges.

And when wear does take its inescapable toll, we have the parts—Buick-engineered for their job—that restore factory-new standards of performance.

Even our tools are specially designed to do a typical Buick job—and for the personal, interested, specialized attention that tops off genuine Buick care, you simply can't beat the Buick specialists in our shop.

Yes, give your champ real Buick care—Buick know-how, Buick parts, Buick interest in keeping your car at its peak. Costs no more than ordinary attentions—but what a whale of a difference it makes!



Skilled service men—Buick to their finger tips—know how to bring out all the Fireball zip and go.

Lubricare
Matched-to-mileage maintenance for Buicks

★ *Lubricare* is specified for your Buick by the engineers who built the car—with the right kind and the right amount of lubricants carefully chosen for just one reason: they are best for your Buick.

★ *Lubricare* is matched to the mileage your Buick has traveled—including a thorough inspection, a report of anything needing attention and a record of the service for future reference.

★ *Lubricare* adds thoughtful care to complete *lubrication*. For protection and smooth performance, your Buick deserves Lubricare regularly.
