**Now...once again
it's Red Cross Time!**

Out of human suffering the Red Cross was born.

At the scenes of human suffering the Red Cross takes its place.

Emergency is its call to service. The unpredictable disaster — the uncontrollable flood and raging fire, the stealthy epidemic — when these *strike*, your Red Cross quickly reaches the victims, to comfort, sustain and restore.

The Red Cross must be prepared to spring instantly into action, any time, anywhere.

And the Red Cross *will* be ready. It will be ready because your generous dollars always have made possible its merciful work.

For the sake of the unsuspecting thousands who will be stricken this year . . . for the sake of those destined for injury and anguish . . . the Red Cross now turns to you.

It's March — and Red Cross time. This is the annual appeal the Red Cross makes so that *your* humanity may be spread throughout the coming year, among all — irrespective of race, color or creed.

You'll help again, won't you?
