Women's International League for Peace and Freedom to Meet Here

The Women's International League for Peace and Freedom whose U. S. section will hold its annual convention at Pine Lake Holiday House on May 13 to 16, will have among its delegates many notable American women returning from abroad who will add the news and views of women of other countries to the panel discussions.

Mabel Vernon of the Washington office and who has just returned from the Bogota conference, will attend the convention. Mrs. Gladys Walker who, with her husband, was on the faculty of Tokyo University for many years will be at the meetings. They were interned in Japan and evacuated on the Grisholm.

Former Undersecretary Mrs. Mildred Scott Olmstead of Philadelphia who served with the Herbert Hoover Relief Organization in World War I and since then has been in constant contact through the Friends Service in Europe, is expected. Ruth Gage Colby who recently returned from the Bogota Conference, will be there.

Mrs. H. Eloise Brainard, for many years a secretary for the Pan American Union in Washington is going to attend. Upon her resignation she went to Latin America to work with and for the professional women of those countries. Gertrude Baer, former undersecretary of the state for Public Welfare in the Bavarian Republic, expects to be present. She was number 4 on Hitler's list of "wanted persons" and was the first woman to hold public office. As early as 1925 Miss Baer pleaded against our support of the newly risen menace at the International Conference of the WILPF. She warned against the combination of junkers, cartels and war delinquents that pushed Hitler to power, and was one of many members who attended the Luxembourg Conference in 1946.

Get Nobel Prize Two American women, Jane Addams and Emily Balch, have been recipients of the Nobel Prize for their outstanding work as international presidents of the WILPF. The aim of this organization is to unite those in all countries who are opposed to every kind of war, exploitation and oppression, and who want to work for the peaceful solution of the conflicts by the establishment of justice for all without distinction as to sex, race, class or creed.
