LOOK to Greyhound first

LOCAL CIVIC INTEREST

Greyhound has grown steadily with the cities of Michigan.

Greyhound folks and their families work, play and live in

your communities . . . are neighbors and friends of yours.

Naturally, therefore, Greyhound is intensely interested in

every form of local civic welfare and continued progress of the cities and towns of which it is a part. It is proud of

the vigorous role its people have performed in helping to build and strengthen Michigan cities with first-class motor

In providing this vital community service Greyhound has

led the way . . . all the way. This clear-cut leadership in

modern bus transportation can only be explained by the

fact that Greyhound has always acted, and will continue

to act, on the principle that what is good for your com-

transportation.

munity is good for Greyhound.
