Barnum Art Class Held Open House Wednesday Evening

Barnum School held its first open house last night to demonstrate and exhibit the work of the art classes. Several rooms were opened to the visitors including a main room for glass demonstration, refreshment room, and a room where movies were shown. There were student hosts and hostesses in the rooms to answer questions. They included Nancy Merze, Eric Davison, James Fischer and Marc Joslin. Sandra Holworth was an assistant host. Mrs. Harry Doney, a member of the Birmingham painters' group, was present to answer questions about the picture prints that will be exhibited in the hall.

Various Types of Work

The demonstrations in the art room showed the various types of work which may be carried on during any class period. Emphasis was upon freedom of expression within limits of good design.

This program was prepared completely by the students, with the guidance of the art teacher, Miss Lillian Clawson. Invitations were designed by Nancy Tracy and colored and written by the students. Judy Taithe was in charge of distribution. Decorations were made by Lynn Davidson and Sara Dunn. Refreshments were served by Connie Young and Charlotte Wiley. Publicity for the open house was done by Ned Sharples.

Many Exhibits

The weaving exhibit was handled by Phyllis Cox, who did some Indian bead weaving. Rosemary Hicks and Howard Green worked on a loom, while Nancy Squires, Sam Holland, Carl McClellan and Varsity Club members demonstrated finger painting. Cooking the past mixture was managed by Adams and Nancy McCall. Chalk drawing was done by Robert Garrison, Larry McCran, and Tom Dinzel, and painting by Elizabeth Bodie, Louise Hanna, and Jan McClellan.

The demonstrators of drawing were Ted Averill, Bill Chapel, Judy Tuttle, Charles Hargue, Winifred Roensch, and Gael Greig. Costume design in the form of a bride doll was done by Nancy Gilliam and Elizabeth Kurtz.

An exhibit of small home architecture was prepared by Ned Sharples and John Vise. Ann McDonald demonstrated the use of the netter's wheel while painting was shown by Fritz Page. Modeling of clay was done by Mary Mullin, Eleanor Hamill, Ann Rutledge and Sandra Pula. Basketry was shown by Carolyn Bryant and Barbara Hoover, and lace weaving demonstrated by Barbara McGinnis. Supplies were handled by Russ Hargue, and Tom Wilson, while Bill Berndt and Bill Nicholas did equipment building. Assistants for the exhibit were Frank Poole, Barry Wall, Barry Harper, Dan Crawford and Norman Kelly.

Health Classes Make Field Trip to Lapeer Home

By Laura Lou Raymond

The health classes had a very interesting and educational field trip to the Lapeer Home and Training School last Wednesday. The classes first heard a talk by the superintendent of the school and then started on the tour. They visited cottages where patients were grouped according to their mental capacity or form of disability. They were also shown the immaculate kitchen, the craft house, and the large sewing room where many of the patients' clothes are made.

There are 4,300 patients of many types of mental deficiency. Here they are trained far as their mental level will permit. The more serious cases have simple amusement; those on the higher level are trained to follow some occupation or trade and they make good and useful citizens when discharged.

Open Churches, Movies, etc.

There are churches of their own denominations and popular and educational movies on Friday and Saturday nights. Some of the 600 children who are more receptive than others have the opportunity for education up to their level, even to the ninth grade.

When the tour was over it was interesting to hear the different reactions of the students. Most of them who were especially enjoyed and delighted the audience with their thoughts changed when they talked about the conditions these people live in that environment and away from the frustrations of the outside world.

A Cappella Choir Presents Concert

By Millie Chapman

The a cappella choir presented its tenth annual spring concert in Baldwin auditorium last Thursday evening before an appreciative audience.

Opening with a group of folk songs, the varied program was executed well by the choir. The rendition of "Dry Bones" and "Tico-Tico" was especially well received.

The choir was fortunate in having as its guest soloist, Vaughan Heard who was especially enjoyed and delighted the audience with his selections.

The choir again sang Friday morning for assembly. The students enjoyed especially Harry Simons' arrangement of "The Woodchuck Song."

\$450 Movie Camera to Be Presented by Varsity Club

The Varsity Club purchased a new movie camera last week with the proceeds of the Varsity-Faculty basketball game. The camera will be presented to Frank Whitney, athletic director, in assembly today by Dick Groves, president of the Varsity Club.

The camera will be used to keep a record of football and basketball games and may be used by the departments if they want it.

Someone to direct the use of the camera and keep it in good condition. The camera cost about \$450 and has a telescopic and microscopic lens.

THE BEST Lubrication

COSTS NO MORE

So why accept less than the best? Your car is a big investment and must be properly protected. Correct lubrication is the first line of protection for your car.

A lubrication is more than changing the oil and grease. It's a job of lubricating and greasing many points that are subject to wear. Knowledge of those points, knowing how and what to do, having the proper equipment, materials and experience, make the difference between ordinary lubrications and factory specified lubrications.

The North Chevrolet Co. features expert lubrications at surprisingly low prices. North Chevrolet lubrications cover the following operations: Lubricate and change oil, pack front wheel bearings, pack rear spring covers, fill shock absorbers, change axle and transmission grease. The lubrication department at The North Chevrolet Co. is ready to serve you.

COMPLETE LUBRICATION \$750
