Test New Twin-Jet Carrier Plane

Latest entry in the all-jet field is this Douglas XF2D-1 Skyraider, a twin-jet carrier-based all-weather plane currently undergoing flight tests at Air Force Test Center at Muroc, Calif. It is expected to be one of the most versatile of jet aircraft, capable of carrying out both fighter and bomber missions.

Cadillac

PRESENTS ITS CREATIVE MASTERPIECE...

The world's newest engine—for the world's finest car!

No Cadillac announcement has ever been more significant than the one which appears on this page. For this year, Cadillac presents its creative masterpiece—a wholly new V-type eight-cylinder engine—which is, beyond all doubt, the highest development yet attained in automotive power plants. * This great power plant has been twelve years in the building—for basic development work started in 1936. It has many unusual qualities which set it apart from all other creations of its kind. It is far more alert, powerful and responsive to the throttle—yet it affords an increase in gasoline economy of approximately twenty per cent. And the manner of its performance actually challenges the imagination. It is liquid smooth; it is quick and eager beyond all experience; yet the power application is so effortless that

the driver is scarcely aware of the engine's existence. The car seems almost to move by automatic propulsion. * Even experienced Cadillac owners must put aside all previous conceptions of performance when they drive the 1949 Cadillac. It is a revelation—from silken start to silken stop. * There are, of course, many other advancements in addition to the history-making engine. There is new beauty in the front ensemble; there is a newly-designed, more attractive instrument panel, with all driving controls at your finger tips; and throughout the chassis and body will be found those characteristic refinements which result from Cadillac's unceasing search for perfection. * But the big Cadillac story, for 1949, is performance. It is not only the world's new standard—it is beyond the world's current conception.

THE NEW 1949 CADILLAC IS NOW ON DISPLAY

Thanksgiving

MENU
and we are Thankful!!

It is Turkey-Day again, and we are thankful that during our many years in business in Birmingham we've been able to maintain a reputation of quality foods at reasonable prices.

But most of all, we're thankful for YOU, the person who keeps our front door open. We're thankful you've always been so responsive to our friendly policies. You're the one who has made our success possible... And it's you that we salute and to whom we humbly say, "Thanks and God Bless You!"
