Do you want to know what the motorwise press has in mind when it talks about "the biggest ad-

Do you want to know how it feels to command the smoothest flow of power to be found on land, on sea,

vance since the self-starter"?

Then settle yourself behind the wheel of a Buick Roadmaster, and try out Dynaflow Drive.\*

Here, you will find, is something vastly more than "no clutch" driving.

It's a brand-new way of transmitting

rear wheels - without buck or bobble.

You have a drive that gets completely away from gears which have to shift.

You have a drive that takes you from a standing start-through every speed range - with a steady, willing swoop of power.

You have in Dynaflow a built-in supercharging assembly that combines the smoothness of oil with an instant response to acceleration.

You have, in other words, eager starts, easy-striding climbs, an unfettered pace on the straightaway -controlled by the gentle nudge of your toe on the gas treadle.

Except for parking or backing, there's It's a brand-new way of transmitting nothing to do but steer the car, in a the driving force from an engine to the whole day's drive. In ten wonderful minutes, you can check all these facts for yourself.

First step to this great/adventure is to give us a call. Then we'll let nature take its course. But we might give you one hint: We'll be glad to book your order, whether or not you have a car to trade.
