

Kirk in the Hills

There will be a family night at Kirk in the Hills on Wednesday, Oct. 27, with dinner at 6:30. Reservations should be made not later than Oct. 26. Movies for the children will be held following the supper.

At 7:30 p.m., on Oct. 27, there has been scheduled a congregational meeting and on Friday, Oct. 29, there will be a Youth Fellowship Halloween costume party at 8:00 p.m. in Bingley's Barn.

To Give Recital

Mr. Percival Price will be the guest carillonist at Christ Church Cranbrook on Sunday, Oct. 24. He was unable to give the recital last Sunday because of a death in his immediate family. The recital was given by Mr. J. Bertram Strickland, a student of the Carillon and organ at the University of Michigan under Mr. Price.

RE-ELECT

MAURICE F. COLE

Circuit Court Commissioner

(NON-PARTISAN BALLOT)

"I appreciate the splendid support received in the Birmingham area at the primaries and solicit your continued support on November 2."

New telephone rates for Michigan Bell customers

THE Michigan Public Service Commission has authorized increased rates for Michigan Bell telephone service. New basic monthly rates are effective October 16, 1948. New charges for certain long distance calls between points in Michigan are effective October 20, 1948. This is the first general increase in 22 years. Michigan Bell requested the increase more than a year ago because of sharply increased costs of providing telephone service.

BASIC MONTHLY RATES

Basic monthly telephone rates for practically all types of service have been revised, effective October 16. New basic rates for your community will be listed in a folder enclosed with the first telephone bill you receive under the new rates.

The rate increase will produce 8% more revenue for Michigan Bell. However, the increase in some exchanges will be higher than average—in some, lower than average—in order to establish the same rates for communities in the Detroit district exchange having a comparable number of telephones. Your basic rate will be determined by the number of telephones you are able to call in your local calling area.

These uniform rates mean that you will pay the same as subscribers in other towns in the Detroit district exchange with comparable local calling areas.

LONG DISTANCE CALLS WITHIN MICHIGAN

The following changes, effective October 20, apply to long distance calls between points in Michigan:

The initial period is changed from 5 to 4 minutes on 15¢ station calls, and from 5 to 3 minutes on 20¢ and 25¢ station calls.

Overtime rates per minute on calls costing 20¢ or more are changed from 3/4 to 1/2 of initial period rate.

Night and Sunday rates are increased 5¢ on calls between points 48 to 112 miles apart.

TO PROTECT THE QUALITY OF SERVICE ANOTHER INCREASE IS NEEDED

To meet the unprecedented demand for telephone service following the war, Michigan Bell had to tackle the greatest improvement program in its history. So far, \$150,000,000 have gone into new and improved facilities—and the program is only half finished! Many more millions will have to come from investors before we will be equipped to give every one the kind of telephone service he wants and needs, whenever and wherever he wants it. Investors will continue to provide that money only if they are assured a fair return.

But our operating costs have continued to rise since we asked for a rate increase a year ago. Looking ahead, even with the new rates, our revenues will not be enough to pay day-by-day operating expenses and still leave enough to pay a fair return to investors. On top of that, we have made a wage offer to the telephone unions that would add substantially to our costs.

All of which means we must have more revenue. So we have no alternative except to ask for another rate increase. But you can be sure that it will be no more than necessary to operate the business and to provide a return that will attract the capital needed to continue our improvement and expansion program.

Here it is, BIRMINGHAM

The 1949 FRAZER

Trailblazer-of cars to come!

Once in a blue moon the stylists and engineers outdo themselves. They create a car that goes beyond today and sets the pattern for cars of the future.
This is what they have done with the FRAZER for 1949!

Low, sleek and differently handsome it is the trailblazer in style of cars to come. Its exclusive colors and fabrics have made the world's leading fashion designers fall in love with it. They call it "the dream car."

The same car, the FRAZER for 1949, has even won the hard-to-win hearts of the test drivers who must relentlessly punish a car mile after mile for weeks on end. They say the Frazer makes such driving no punishment for them. Its driving ease and riding comfort "make 600 miles a day a breeze," they say.

There's a thrill waiting for you at your dealer's today. With 100 new features, improvements and refinements, the 1949 FRAZER is ahead of its time... not front—trailing the way for all the cars to come.
First to break clean and crisp tradition, the cars from Willow Run have done it again. Because unlike other "new" cars built since the war, they've road-proved their dependability—2 billion miles worth! Value-proved to a quarter-million justly proud owners. See and drive the new FRAZER now! It's at your dealer's. Kaiser-Frazer Corporation, Willow Run, Michigan.
