THE VITAL PRIMARY ELECTION - TUESDAY, SEPT. 14TH

★ YOU CAN HELP PREVENT ANOTHER WAR

★ START NOW TO CUT YOUR LIVING COSTS

1—Make This Protest Against High Living Costs and Food Taxes!
2—Demand Congressional Action to Keep Peace!

The first thing to do is send to Congress a man who will fight for every possible ACTION TO REDUCE PRICES on food and necessary household commodities. Milton F. Cooney says, "the removal of the tax on OLEO in A START. This means 10c per pound on colored Oleo when you demand that Michigan follows with the removal of restrictions on its sale. Protect the consumer under the Pure Food Laws, as is the case on other commodities. Cooney also opposes the use of government millions to keep the price of meat, eggs, butter, etc., above the purchasing ability of a great many people.

Your present Congressman voted "NO" on the removal of the Oleo tax. CAN YOU EXPECT HIM TO HELP OUT YOUR LIVING COSTS? COONEY OPPOSES ALL TAXES on necessary household commodities.

WHAT ABOUT NATIONAL SECURITY?

Military weakness invites destruction of peace loving nations by military tyrants who seek power through WAR. America is a weak nation today. Berlin is to be another Pearl Harbor or Bataan. Milton F. Cooney says the U. S. must have "unshakable" military power to prevent another WAR—to give strength to the United Nations—to preserve the peace—and to halt the spread of Communism.

On May 18, 1948, the present Congressman publicly said: "Nearly 20 years ago Russia gave notice that she would not be a part of our program is not mere talk but an all-embracing and blood-soaked reality. Our ultimate aim is world wide Communism." When a neighbor gives you notice that he intends to destroy you, . . . and do it with force and bloodshed, you are an exception if you do not take measures to resist that threat, even unto death.

If Russia gave such a notice 20 years ago—why then has your Congressman voted "NO" on nearly every bill for national defense presented to Congress during his 16 years in Congress?

He has known these facts, but on May 22, 1948, 5 days after his public statement above quoted, he wrote: ". . . I have never looked with favor upon compulsory military training, believing that it is foreign to our concept of government, and, therefore, a dangerous step to take." IS THIS CONSISTENT?

Cooney knows the heart-aches of WAR—he served his country in time of WAR. He is not an isolationist.

Cooney is an aggressive man of action, a constructive thinker, NOT a hand shaker who avoids responsibility with charming lies. He'll fight to bring DOWN YOUR LIVING COSTS and build an adequate National Defense program.

Your job is to get out on PRIMARY ELECTION DAY, TUESDAY, SEPT. 14th, and cast your vote for him. You can do no less for yourself and your family's welfare. WIN WITH COONEY.

It's Time for Action—This Year You Have a Republican Choice
