

Customers' Corner

Many millions of housewives in several thousand communities have helped to build A&P by their patronage, their suggestions and yes, their complaints.

Through them we have learned much about what women like or dislike and have tried always to conduct our business accordingly.

You can do a great deal to help us improve our service to you by telling us what pleases you or displeases you in your daily contact with our stores and our people.

All of our employees would be glad if you would point out whenever we fail to meet your needs or to make your shopping pleasant and economical.
