Jane Carolyn Breitenstein Wed in Candlelight Rites

Following their wedding Friday, Mr. and Mrs. Elwin Merrill Peacock left by plane for their new home in Greycliff, Wyo. For travel they are accompanied by Jane Carolyn Breitenstein, daughter of Mr. and

Mrs. Sarah Breitenstein was her sister's maid of honor and the bridesmaids were Mrs. James McCobb of Ann Arbor and Mrs. Edith Kendall of Birmingham. All were gowned identically in DuBarry rose color tulle taffeta dresses featuring low cut necklines.

Their bouffant skirts were trimmed with a shirring which formed a V in front and went around the back to give a bustle effect. They were matching maine hats with ostrich tips and pale pink roses and ivy leaves.

The flower girls were the Misses Penny and Patty Hewlett, small daughters of Mr. and Mrs. Thomas Hewlett of Birmingham, and were in floor length petal pink taffeta frocks. Their miniature bouquets were of American Beauty roses and ivy leaves in a colonial arrangement.

Best man was Robert Peacock, brother of the bridegroom and ushering the guests were Joe Reilly, Roy Simpson and Frank Sheldon of Houston, Texas; Stuart Betz, a cousin of the bride from Aurora, Ill., and James McCobb of Dallas, Texas, formerly of Houston, are the bridegroom's parents.

The Rev. W. Glen Harris officiated at the nuptials which were read at 4:30 o'clock in the First Presbyterian Church. A reception followed at the Orchard Lake Country Club.

For the candlelight rites performed before an altar banked with greens and white chrysanthemums, the bride was gowned in rich ivory satin. Accenting the neckline was a sheer yoke highlighted with pointed medallions of hand run Alencon lace.

The long-sleeved bodice featured a fold of satin at the waist which formed a slight pleatum and the full skirt swept into a wide circular train. A Juliet cap made of the satin and edged with a twisted tulle studded with seed pearls held in place her fingertip veil of illusion and she carried a bouquet of white roses and white baby mums.

Federation Groups to Meet Dec. 8

BETTY ROBERTS

Betty Roberts will be featured on the Birmingham Woman's Club Christmas program and next Tuesday, Dec. 6 in the Community House at 1:30 o'clock. Mrs. C. T. Beals is chairman of the day.

Mrs. Roberts, of Yosemite drive, will give her interpretation of the Legend of the Madonna. A Christmas story of the dedication of a stained glass window in a distant church on Christmas Eve. To give the story more depth, she went to Philadelphia to interview the internationally known masters of the art of creating stained windows, Nicola D'Ascenzo and his son, Nicoli, who also acts as his father's business manager.

After these interviews, Mrs. Roberts watched the artists designing windows from the first hand painted water color sketch to the final cutting and assembling of glass. The Legend of the Madonna should be particularly interesting in this area since examples of the work of these artists may be seen at Christ Church Cranbrook.

Soprano Soloist

Also on the program will be two representatives of the Junior department, Mrs. J. Edgar Eberse, soprano, who will sing "The Christmas Candle" and her accompanist, Mrs. Erlene Evans. Mrs. Earl G. Potter is music chairman. A choral group from Barham Junior High, under the

Pythian Sisters Plan Purchase of Two Hospital Beds

Realizing the need for hospital beds in Birmingham, the Pythian Sisters have taken as their project for this year the purchasing of one or two beds to be left at the Community House. These will be loaned out to anyone in need at no cost.

Most excellent chief, Pearl Esters, has appointed Ann John and Dorothy Harris as captains of the money raising campaign. They in turn have named their committee members.

At the regular meeting in the Community House next Tuesday evening, the model bed-bank which was made by one of the Brother Knights will be opened and the money counted.

ULTRA (meaning the last word) MATIC (meaning fully automatic)

-- there's never been anything like Packard Ultramatic Drive

IMPARTIAL, independent technical observers gave us the idea for the name...

They reviewed the basic principles of this new Packard automatic drive... heard about the 16-year development and test program behind it. They drove it themselves... compared its performance with that of other leading types of drives. Then, out of their own experience, they told us:

"The best way to describe this Packard drive is to say it's the last word in automatic, no-shift control!"

- New simplicity:** Naturally, there's no clutch pedal. And that's only the hint of the convenience of Packard Ultramatic Drive! There's nothing new to learn. Just step on the gas, and steer!
- New smoothness, new quietness:** No jerking or "clunking," because there's no gear-shifting anywhere. No "racing engine" sensation, because there's no slippage at cruising speeds.
- New safety:** No chance of involuntary unexpected "down-shifts," which might cause a prolonged skid on slippery pavement. Packard Ultramatic Drive gives you smooth, gradual engine braking for safe deceleration.
- New economy:** Ultramatic Drive saves gas—because there's no slippage at cruising speeds. And thanks to its advanced design, Packard Ultramatic Drive requires no complicated maintenance.
- More responsive:** No lag, at traffic speeds or highway speeds, waiting for gears to shift. For instant bursts of safety-sprint acceleration—just "tramp down."
- More positive, more flexible:** Your choice of high-range, or low-range operation—without rapid acceleration, and slippage-free cruising, in each range. Easy shift from forward to reverse. Yes, you can rock the car in snow!

Come in for your introductory drive!
