Crashed the Gate?
A Washington minister tells the story of what happened at the funeral of a certain woman who during her life had constantly quarreled with everyone, henpecked her husband, and had been regarded by all as a genuine battle-ax.

But now that she was dead, people were willing to forgive and forget, and a crowded church listened to the minister as he drowned his eulogy of the departed. The sky grew darker and darker,

and just as the service ended, a storm broke. There was a flash of lightning, followed by a crash of thunder.

All was silent in the church, and then from the front came the voice of the widower: "Well, she got there!"

Recent surveys at the Naval Training Centers at San Diego, Calif., and Great Lakes, Ill., show that 98.6 percent of all Navy recruits are under 21 years of age.
