Brazilian Scientist Returns to Homeland

Fernando Segadas-Vianna, who has been research assistant at the Cranbrook Institute of Science for the past 18 months has returned to Brazil, accompanied by Mrs. Segadas-Vianna and son, Luiz. While at Cranbrook, Segadas-Vianna completed his work for his masters degree at Wayne university. The topic of this thesis was "Cat Tail Communities of Oakland County".

Prior to coming to Cranbrook to work as assistant to Dr. Stanley Cain, Segadus-Vianna spent a year and a half at the University of Montreal. It was in French Canada that his son Luiz was born and although the child is now 28 months old and a Brazilian citizen, he speaks only English.

Photographs for publication in The Eccentric must be submitted by Friday noon of the week before publication.

Husband: "Honey, if I had to do it over again, do you know whom I'd marry?"

Wife: "No don't; who?"

Husband: "You."

Wife: "Oh, no, you wouldn't."

Christmas is the time of the year when people all over the world rejoice with their family and friends. May this Christmas prove to be a joyous one and the New Year bring an abundance of good health and prosperity to all.

BUILDERS SUPPLIES

4 COLOR PROCESS
in large quantities

Early last week we started delivery of a catalog to one of our customers. A few days later we received a phone call. "The finest catalog we have ever had."

What is particularly significant about this order is that the catalog was completely 4 color process. It consisted of 48 pages and cover. And the order was for 100,000 copies. In brief: the 4 colors is the ultimate in quality, the size was large, and the quantity demanded consistent uniformity in weeks of press running. Only an experienced and quality plant could have handled this work.

Composition, press work, and bindery were all done by The Eccentric—complete handling under one roof.

If you'd like a sample of this job, we'll gladly mail it to you.
