"A FRIENDLY BANK"

THE BEST WAY TO SAVE IS TO START SAVING

Once you start saving regularly, every payday, it becomes a habit. Your savings mount—little by little at first, then more and more as your earnings and your deposits increase. Then comes the day when you have not merely savings, but actually security.

The important thing is to make a start. A dollar does it—for that's all you need for opening a savings account for yourself or for each of your children.
