**Premiere of Song**  
"Confused", a song written by Don K. Harrison of Lawndale, will be sung by Mrs. Danny Foley in the variety show which will be presented by the Birmingham Summer Players in the Baldwin high school auditorium July 12, 14 and 15. The song was written in Wursburg, Germany, while Harrison was serving with the U. S. 1637 Engineers. It was later recorded by the Five Redcaps and published by the Joe Davis Music Co. of New York.

**In Floats!**  
The "Green Hornet" was

launched on Friday afternoon and it floated! Gary Osterbeck and Ronnie Nightingale designed and constructed this unusual craft. The shell was built of lumber "borrowed" from their parents and housed in an old green canvas awning that they bargained from another teenager, Richard Crowell.

The result of many hours of labor is a one-man boat somewhat resembling a duck boat. Doubting afloat gathered on the scene as the boys carried their masterpiece out in the water. It floated! A motor was installed and each boy took a turn up and down the lake.

So that unusual "thing" seen and heard on Walnut Lake is the "Green Hornet".
