NOW THAT SUMMER'S HERE—England, too, has been affected by the driest summer in many years. Her crops are in danger of drying up from lack of rain. The sinking level of this reservoir in Baldersdale threatens that section's water supply. It's already 350,000,000 gallons below normal level. The spot in which that man in center is standing would ordinarily be covered over with 14 or more feet of water.

STAMPING OUT 'HOPPER PLAGUE—Department of Agriculture planes are loaded up with poison bait in Yellowstone County, Montana, where herds of locusts have invaded the plains. The bait consists of poisoned bran which is sprayed over the grasshopper-infested area.

TRAVELING IN STYLE—Dumbo gets a helpful hoist as he climbs into the back seat of a car on his arrival at New York's LaGuardia Airport, after a plane trip from Africa. Dumbo weighs a mere 700 pounds. But give the little fellow time—he's only a year old. He's on the way to his new home in the St. Louis Zoo.
