THE BEST WAY TO SAVE IS TO START SAVING

Once you start saving regularly, every payday, it becomes a habit. Your savings, mount—little by little at first, then more and more as your earnings and your deposits, increase. Then comes the day when you have not merely savings, but actually security.

The important thing is to make a start. A dollar does it—for that's all you need for opening a savings account for yourself or for each of your children.

From where I sit... by Joe Marsh

Now I'm Going Back To High School!

When I saw lights burning in the High School auditorium last night, about twenty people were listening to Buzz Ellis, the electrician, talk about television.

I slipped into a back seat and asked Hap Thomas what was up. Hap told me it was the new Self-Improvement Club. I stayed to listen—and learned a lot. Buzz really knows his stuff.

Turns out this club meets every Friday night. Each member gives a talk on the subject he knows most about. I joined on the spot because learning new things is one of my favorite hobbies.

From where I sit, it's willingness to learn from the other person that makes Americans tolerant towards so many different viewpoints and tastes in things. Just because Buzz Ellis goes for chorolate muzz, while I prefer a mellow glass of beer, doesn't mean I'm right and he's wrong. Incidentally, next week I'm going to talk on how to run a newspaper.

Advantages not found elsewhere at any price make this America's "4-most" Car

1-MOST Beautiful! A low build is the basis for really modern beauty, and the New Hudson, thanks to "step-down" design, is the lowest car of all—yet there's full road clearance.

2-MOST Roomy! The most seating room, leg room to spare, amazing head room... the most comfort, as you ride ahead of rear wheels, within the base frame, down where riding is most smooth, most relaxing.

3-MOST Road-worthy! Hudson, with exclusive "step-down" design and recessed floor, achieves the lowest center of gravity in any stock car. Result: the safest, steadiest, most hug-the-road ride ever known—plus the advantages of unit body-and-frame construction.

4-MOST All-round Performance! Choice of high-compression Hudson Super-Six engine, America's most powerful Six, or the even more powerful Super-Eight, Center-Point Steering for easiest handling, Triple-Safe Brakes for utmost safety. Many more high-performance, low-upkeep features.

Compulsory Sickness Insurance means this:

Under American Medicine your Medical Bill pays this:

Under Compulsory Medicine your Medical Bill must pay these:

As it is now, you pay for your medical care if and when sickness overtakes your family. You can cover the cost with insurance, under any of the several low-cost private plans. But if the Government gets into the picture you'll not only pay for direct medical care, but for all the extra government job-holders needed to operate the system. You'll pay for the high cost of this red tape through a deduction from every paycheck, whether you're sick or not. So when anybody talks to you about cheaper medical care, just remember all of the extras that you'll be called upon to pay for under government health insurance. Talk it over with your medical doctor and get the real facts about the cost of socialized medicine.
