

Local Women Work on Junior League Country Fair Plans

Mrs. Donald Wilson and Mrs. Fritz Hyde are in charge of the auction which will be one of the features of the Junior League Country Fair to be held on June 16 at 485 Lake Shore road in Greece Pointe Shores from 11 a. m. to 11:30 p. m.

Members of the Junior League have been busy for months planning this charity event which will have all the attractions of an old-time country fair plus some streamlined modern events such as the Pot of Gold.

There will be a children's midway, vendors strolling through the grounds, a "Tot Lot" where one can park the children or have them taken on "conducted tours". A grab bag, a country garden booth with flowers and furniture, a tea and fashion show, a night club and many other concessions are being arranged. Also on the schedule is a country kitchen which will feature pet dishes of prominent cooks and their recipes.

Student to Work at Grenfell Mission During the Summer

Collin Campbell, a senior at Baldwin high school, will take off on June 22 for the far regions of Labrador where he will work for the Grenfell Association of America at the Northwest Rivers; one of the seven missions founded by Grenfell.

The story behind the missions which were named after their English originator is one of humanitarianism. Grenfell saw the need of medical and educational help in Labrador and so set up several hospitals and a school.

Campbell, who is making his first trip to the missions, hopes to be a doctor and will gain some experience along that line during his stay there.

Club 1930

By Florence Duffer
Magic in the moonlight—entrancing in the June night. You will want to miss "June Moon" this Saturday evening, June 11. The 19-30 Club sincerely hopes everyone who attends this dance will have a wonderful time. Again, thank to all who worked so hard on the dance arrangements. Every one between 11 and 30 is invited, so all you kids home from college "can over and meet those of the stay-at-home crowd."

The club will have a business meeting the last Thursday of this month, June 30, and at this time officers will be elected for the coming year. The present board would like to see everyone there. Now don't forget, "June Moon" this Saturday, the 19-30 Club homecoming dance, for one and all, from 9:30 to 1:00 with music by Don Gordon and his orchestra.

Tips on Touring

By Carol Lane
Women's Travel Authority
In my years of travel and lecturing in all parts of the country I have come to regard the contents of the average car owner's luggage compartment with considerable amazement—and in many cases with downright awe.

See how your trunk stacks up with what I've found in the average car:

- (1) Two jacks—only one of which works.
 - (2) Any number of lug wrenches—with maybe one the right size for tire changing.
 - (3) At least two useless engine parts, one oddly shaped metal bar defying description, six broken chain links.
 - (4) An old piece of carpet or rug, one used to protect the clothes, but now greasy caked and threadbare.
 - (5) A collection of oil stained (and hazardous) newspapers, magazines and rags.
 - (6) A broken thermos jug.
 - (7) A flat spare tire.
 - (8) A tow rope hopelessly short and weak.
 - (9) Miscellaneous tools rattling around without a case.
 - (10) A pair of gloves, unfit to be worn.
- Take a look at your luggage compartment now—and be honest.
