NEWS VIEWS By THE KINCAIDS THE Forestry Service expects 27,000,000 visitors to national recreation areas this year. That adds up to a lot of tin cans and waste papers. It means more than a sixth of the nation will be leaving notes for the milkman and hitting the gypsy trail. That's the best record since Noah stacked his family in a floating zoo and set out to find a dry picnic ground. As a nation we're as restless as a kid at a concert. We want to go places and see things—and we're lucky to live in a land where we can do it. About the only thing that can keep us at home is a telephone call from our only show. Congratulations, graduates of the class of 1949. Our best wishes to each and everyone of you for luck and success in the next phase of your life. THE KINCAIDS. A 54-year-old parrot has been left \$300 in a will. That makes a nice nest egg and leaves the bird with nothing to squawk about. Of course Dad wouldn't squawk if you didn't get anything for Father's Day. (He's too nice of a guy) but you can bet he'd be mighty pleased if you presented him with a stylish Bulova Wrist-watch . . . and the gift will mean much more if it's from THE KINCAID 219 East Maple Avenue. Phone: 501 . . . and say, watch for our little column, we'll be around this way every week.
